

Years	Phase	3 year cycle ¹	9 year cycle
1933-34 ² (At the Taurus full moon.)	Crisis/Consolidation	Crisis/Consolidation “Make each three year cycle conform to the rhythm of creation. [1] In the first year, lay your emphasis upon the activity of the manifesting principle, using that which appears and with which you have to work. [2] In the second year, let the clarity and the quality of the note to be sounded by the manifesting form appear and be heard. [3] In the third year, behind the form and expressing itself through the quality, let the livingness and the work of the indwelling life emerge for all to see. Bear this in mind as you consolidate the work.	1933 Crisis/Consolidation These cycles begin at the Taurus full moon or Wesak Festival of the Buddha. Nine-Year Cycle (3 x 3 year cycles.) “This Plan can only be sensed, visioned and known in truth by the Hierarchy ... Suffice it for the rest of those in the Hierarchy – <i>the initiates and disciples in their ordered ranks and various gradings – to cooperate with that immediate aspect of the Plan which they can grasp</i> and which comes down to them through the inspired minds of their Directors at certain stated times, and in certain specific years. Such a year was 1933. Such another will be the year 1942. At those times, when the Hierarchy meets in silent conclave, a part of God’s vision, and His formulation of that vision for the immediate present, is revealed for the next nine year cycle.” <i>Esoteric Psychology II</i> , Alice A. Bailey. p.242.
1934-35	Tension/Expansion	The keynote of the first year’s work is consolidation, that of the second year must be expansion whilst the keynote of the third year must be the making of a definite impact upon the public consciousness, by the sounding and the emphasising of some one clear note. If this cyclic measure is kept thus in mind, no serious mistakes will be made The New Group of World Servers must work in these three year cycles and the foundation of cyclic attainment must be laid. This cyclic rhythm will release from strain and yet enable the workers in the Group to feel that there is no failure.”	7 year cycle
1935-36 ³ (Dec. 21-28.)	Emergence/Impact on Public Consciousness		1935 Seven Year Cycle. “In December, 1935, the energies of Capricorn were augmented by the pouring in of forces from a still greater constellation which is – to our zodiac – what the zodiac is to the earth ... during the coming Aquarian zodiacal cycle – groups on earth can avail themselves of the tide of Capricornian influences which will flow into our radius of registration every seven years. ... This “week of group impact” occurring every seven years, will run from December 21st till December 28th , and if this should at any time fall at the period of the full moon, the opportunity will be most significant. This possibility must be watched. This week should be regarded as pre-eminently the “festival week” of the New Group of World Servers, and after 1942 advantage must be taken of this period, and special preparation made. This fact invites the attention of all of us.” <i>Esoteric Psychology II</i> , Alice A. Bailey. p.196.

¹ **Three-Year Cycle** “Have these dates carefully in mind and thus lay your plans for the future. Thus will you be working with the law and along the lines of least resistance. **Make each three year cycle conform to the rhythm of creation. [1]** In the first year, lay your emphasis upon the activity of the manifesting principle, using that which appears and with which you have to work. **[2]** In the second year, let the clarity and the quality of the note to be sounded by the manifesting form appear and be heard. **[3]** In the third year, behind the form and expressing itself through the quality, let the livingness and the work of the indwelling life emerge for all to see. Bear this in mind as you consolidate the work.

The keynote of the first year’s work is consolidation, that of the second year must be expansion whilst the keynote of the third year must be the making of a definite impact upon the public consciousness, **by the sounding and the emphasising of some one clear note.** If this cyclic measure is kept thus in mind, no serious mistakes will be made **The New Group of World Servers must work in these three year cycles and the foundation of cyclic attainment must be laid. This cyclic rhythm will release from strain and yet enable the workers in the Group to feel that there is no failure.**

It is impossible to do good work where a sense of failure or lack of attainment is found. You are in process of gathering together your forces for another cycle of activity in connection with the New Group of World Servers. Forget not, all creative processes proceed with a cyclic rhythm. The rhythm set by the New Group of World Servers is a three year cycle and to this rhythm you will find yourself conforming.” *Discipleship in the New Age I*, Alice A. Bailey. p.165.

² **Nine-Year Cycle** “This Plan can only be sensed, visioned and known in truth by the Hierarchy ... Suffice it for the rest of those in the Hierarchy – *the initiates and disciples in their ordered ranks and various gradings – to cooperate with that immediate aspect of the Plan which they can grasp* and which comes down to them through the inspired minds of their Directors at certain stated times, and in certain specific years. Such a year was 1933. Such another will be the year 1942. At those times, when the Hierarchy meets in silent conclave, a part of God’s vision, and His formulation of that vision for the immediate present, is revealed for the next nine year cycle.” *Esoteric Psychology II*, Alice A. Bailey. p.242.

³ **Seven-Year Cycle** “In December, 1935, the energies of Capricorn were augmented by the pouring in of forces from a still greater constellation which is – to our zodiac – what the zodiac is to the earth. This augmentation will take place again in 1942. ... By means of this augmentation – **during the coming Aquarian zodiacal cycle** – groups on earth can avail themselves of the tide of Capricornian influences which will flow into our radius of registration **every seven years**.

The one just past, gave a **tremendous impetus to the work of the New Group of World Servers**, and was the cause of the very good reaction in the world to their particular impulse. *This worked out in every nation and in every group as a marked tendency to good will*. In 1942, there will come another planetary inflow of which we all are begged to avail ourselves, and for which we are urged to make due preparation.

This “week of group impact” **occurring every seven years**, will run **from December 21st till December 28th**, and if this should at any time fall at the period of the full moon, the opportunity will be most significant. This possibility must be watched. **This week should be regarded as pre-eminently the “festival week” of the New Group of World Servers**, and after 1942 advantage must be taken of this period, and special preparation made. This fact invites the attention of all of us.” *Esoteric Psychology II*, Alice A. Bailey. p.196.

⁴ 2005: 63 years from 1942, the 7 and 9 year cycles coincided. “God’s vision, and His formulation of that vision for the immediate present, revealed for the next nine year cycle.”
