This Gathering is part of a series of Equinox-Solstice inter-group meetings focusing the World Group intention of Unity in preparation for the Festival Week of the New Group of World Servers December 21-28, 2019.

The Gathering will provide us an opportunity to experience simultaneous meditation at the exact time of the Solstice at 15:54 GMT/UTC, when we will be joined in silent meditation on the seed-thought suggested by the network of Latin American groups:

**"May the invocative group work evoke aspiration in humanity."**

Translation between English, Spanish and Russian for introduction and closing will be provided.

The Gathering's outline:

1. Welcome
2. Sounding intention/Seed thought in different languages.
3. Silent meditation on the seed thought:
4. Great Invocation in Seven languages.
