

The Harmonic System of United Nations.

May 8, 2020

1. TPS.

2. Hi everyone. It is a great Joy to be part of this Magnet of Light, Love and Power we are all creating together as One, as a prototype for the future hierarchical Humanity. At the astrological pre-conference, along with the horoscope reading of the Italian Nation, a general overview of the nature of the Nations as **living beings** was presented. Here we pursue and expand it further and will present a pattern to order them in a *harmonic system of relationships*, according to a 3rd+4th Ray key and mode to get the Holy 7.

3. The “Harmonic System of Nations” is actually an attempt to apply the **1-3-7-49** hierarchical Model to give a *right Form* to the Idea of an international Order and Organism.

The Teaching tells us that Humanity as a planetary Center is a *collective Unity* constituted by and organized into 7 main races and human types, and many ethnic groups and peoples: these parts or organs of the 4th human kingdom are driven by the evolutionary Law, despite the prevailing separateness, to relate to one another through increasingly *comprehensive systems towards organic globality*,

4. that is, from isolated and local units to a *potentially single interactive community*.

In its either vicious or virtuous use, the *technological revolution* of Internet clearly proves this *unified field*, right now mainly on an instinctive level of emotions and thoughts, but in due course also on a more and more conscious or healthy level, like here&now; or a global powerful phenomenon like the coronavirus (virus btw meaning poison in Latin, while vir means force, man - an interesting close relationship: poison, the scorpion's bite, to make the force of men come forth (Taurus), *through obstacles towards the stars*, says Paracelsus – Per aspera ad Astra).

At present mankind still needs the Law of Pain to recognize our *unified field* and Oneness, namely conflicts in order to make the 4th Principle of Harmony as our triumphant Destiny; we move – seemingly slowly and yet at an accelerated pace – towards the ideal of *right human relationships*, to *work out* the Aquarian primary Idea of **Brotherhood**.

5. “The forms through which these new and impending ideas must take shape and manifest have yet to be created, and that takes time, for they are built by the power of thought and due process of educating the public consciousness until that consciousness becomes confirmed conviction and demonstrates as an immovable public opinion.” (*The Rays and Initiations*, 121)

6. “...fear, foreboding and concern are but temporary and will give place to that ordered, rhythmic imposition of the needed idealism which will be applied eventually by love, motivated by wisdom in cooperation with intelligence. All will be actuated by a dynamic (not a passive) will-to-good.” (DN 7)

7. In the *Destiny of the Nations* we read: “The major ideas in the world today fall into five categories”, and the last one is:

“5. The idea of a spiritual Hierarchy which will govern the people throughout the world and will embody in itself the best elements of the monarchial, the democratic, the totalitarian and the communistic regimes. *Most of these groups of ideologies have latent in them much beauty, strength and wisdom, and also a profound and valuable contribution to make to the whole*. Each will eventually see its contribution embodied under the control of the Hierarchy of the Lords of Compassion and the Masters of the Wisdom. The restoration of the ancient Atlantean control by the

spiritual forces is still in the future but the Aquarian Age will see **the restitution of this inner and spiritual guidance on a higher turn of the spiral.**" (DN, 9-10)

Having fixed the vision of the Future, let us now consider the fundamental role of the Nations to build *consciously* the hierarchical One Humanity.

8. They are presented by the esoteric Teaching as a temporary manifestation of human races and sub-races, those septenary centers of the 4th human Hierarchy; they are actual living, magnetic and conscious *collective Units*, equipped with a more or less manifested Soul or higher nature, a more or less integrated Personality and a body of territorial expression:

9. "All of the great nations are controlled by two rays, just as is the human being. With the smaller nations we need not concern ourselves. All the nations are controlled by a personality ray, which is the dominant potent and main controlling factor at this time, and by a soul ray which is sensed only by the disciples and the aspirants of any nation.

This soul ray must be evoked into an increased functioning activity by the New Group of World Servers, for this is one of their main objectives and tasks. ... those rays which govern a particular nation and which are at this time actively working are very potent, either materially or egoically; some of the problems may be due to the fact that certain rays, governing certain nations, are not at this time active." (IHS 49-50)

There is a "vibratory interplay, under the great Law of Attraction and Repulsion which has much to do with the intercourse and relationships between nations". (DN, 72)

10. "... This coming age will be as predominantly the age of group interplay, group idealism and group consciousness as the Piscean Age has been one of personality unfoldment and emphasis, personality focus and personality consciousness." (RI 108)

So, the *isolated Units* of the One Humanity, the **Nations**, must today rise to the *international group interplay, idealism and consciousness*, to their planetary or spiritual function, to ensure that the global Organism is *safe and sound*, at the Service of Evolution. (The initiative of the *Esoteric United Nations*, for example, is precisely and rhythmically responding to this urgent need to wake up the spirit of the Nations towards their planetary Service).

11. "Past and present cultures and civilisations are of great value; the peculiar genius of each nation must be evoked for the enriching of the entire human family; the new civilisation must have its roots in and emerge out of the past; new ideals must come forth and be recognized ... every nation, great and small (with the minorities given equal and proportionate rights) should pursue its own individual culture and work out its own salvation as seems best to it, but that each and all should develop the realisation that they are parts of one corporate whole and that they must contribute to that whole all they have and are. This concept is already present in the hearts of countless thousands and carries with it great responsibility.

12. These realizations, when intelligently developed and wisely handled, will lead to right human relations, economic stability (based on the spirit of sharing) and to a fresh orientation of man to man, of nation to nation, and of all to that supreme power to which we give the name "God." (EH, 376-7) "Humanity itself must be the goal of interest and effort, and not any particular nation or empire. All this has to be wrought out in a practical, realistic manner, divorced from visionary, mystical and

impractical dreams, and all that is done must be founded on one basic recognition—**human brotherhood, expressing itself in right human relations.**” (RI 122)

13. Nations, and not so much the current transitory peoples that represent them, are therefore intended as living organs in the process of progressive ‘coordinated cooperation’ for the health and development of the humanity-organism, which is in its turn a center/organ of the Planet-organism, and so on, in the all-encompassing universal Brotherhood.

14. The harmonic System of Nations, or the Order of the Esoteric Nations -- United in the name of the Common Good -- is certainly one of the most urgent Ideals to be built here&now, consciously all together, through the projection of the most beautiful vision of the One Humanity; and we do it with the help and because of our subjective or soul *medit-action*, through our *creative imagination*, the medium of the higher mind to unite the World of Ideas and Ideal formulas with that of the Forms of the new Culture and Civilization.

15. Every Nation, which has sufficiently integrated its Personality, that is, stabilized its Individuality with respect to the planetary Community, will progressively know its potential and possibilities; and the astrological key and their constituent Rays, as well as the examination of the virtues and defects of their peoples, their talents and fragility, can illuminate the unitary path to follow, converging towards the One, in function of the planetary common Good.

*

16. In particular, here are presented 3 hypotheses of a ‘right sorting’, or harmonic arrangement of the System of Nations according to the 49 matrix of Ray energy combinations or Functions -- the Model of hierarchical organization of Life and of its Agents or Builders.

According to this view, as it was presented last year at the Conference, this Pythagorean Lambdoma, or 7x7 matrix ruled by the Seven Rays of Life, is a scientific and magic way to “square the circle” of any Idea,

17. here of the evolutionary Plan for example: a matrix of 49 planetary Goals or energy Vortices as a first *systemic formulation* of Its buddhic energies or impulses onto the causal and fiery World of manasic Thought, therein fixing its living 7 main centers (or Goals taken from the Teachings) along the central diagonal and 42 minor ones.

The 49 Centers or Fires of Brahma of any celestial Idea have to be activated by group soul attestation and meditation – and in this systemic perspective, through their 49 relevant Functions and Ideal formulas that the hearts and minds –

18. or **Nations!** -- have to translate in a Harmonic Action, that is, into a spiritual coordinated cooperation for the Common Good. We are going to share thoughts in detail about this, during the workshop later.

The Plan or the planetary Order, as any Idea, is a living Entity, a *substantial energy* and an *energetic substance*, which requires a **harmonic human system of relationships** to be worked out.

The potency of the primary Aquarian Idea of Brotherhood precipitates through the Ideal of the right or harmonic relationships.

In the following 3 hypotheses the central diagonal, identified with the 7 main Centers of the 4th human Hierarchy on Earth, is filled according to 3 different perspectives, while the 42 subsidiary boxes are by the Nations, placed according to their indicated Soul and Personality Rays.

We can identify this sevenfold central axis differently according to the 3 aspects of Spirit-Consciousness and Substance:

19. 1ST HYPOTHESIS

- 1) CONTINENTS are indicated as the *substantial Form* of the Seven planetary Centers: “...five races, under the influence of the five signs, produce the externalizations which are called the five continents—Europe, Africa, Asia, Australia, America. These five continents are to the planetary Life what five major endocrine glands are to the human being. They are related to five centres.” (AE, 426) – as we know, 5 already manifested, 7 potential.

7.1	7.2	7.3	7.4	7.5	7.6 RUSSIA	7.7 OCEANIA (ANTARTIC) (Base Center)

20. 2ND HYPOTHESIS

- 2) the *consciousness* aspect of the Seven Centers of the 4th human Hierarchy is represented by the 7 Ray Groups of Initiates, operating through our higher nature or the 7 *egoic groups* on manasic level. They were, are and will educate and initiate their affiliated souls in the indicated 7+7 OCCULT SCHOOLS (as written in *Letters of Occult Meditation*), intended as cradles of the initiatory Seeds of the future Culture and Humanity,

“...only those nations which originally had a training school for the mysteries (with three exceptions) will be again, during the earlier stages, permitted national schools. The exceptions are:—

- | | | |
|----|-------------------------------|----------|
| 1. | Great | Britain. |
| 2. | Canada and the United States. | |
| 3. | Australia. | |

And even these exceptions might be considered only one, the case of Australia, for the other two in Atlantean days had their occult foundations when they formed part of the earlier continent....

So, here along the central axis, we have the Rays attributions of the 14 initiatory Schools:

[*Preparatory Grades* ----- *Advanced School*

- | | | |
|-------------------------------------|------------|---------------------|
| 1. Greece or Syria leading to ----- | Egypt. | 1 st Ray |
| 2. Middle West, U.S.A. ----- | California | 6 th Ray |

| 4. Scotland or Wales----- | Ireland | 2 nd Ray |
| 5. Sweden----- | Russia | 5 th Ray |
| 6. New Zealand ----- | Australia | 7 th Ray |

There is also planned a preparatory school for the advanced egos of the fourth root-race. This will be under the Manu of that race and will be situated in *Japan*, with its most esoteric branch in western *China*. This makes the seventh in the group of schools outlined.” (LOM, 306)

21. 3RD HYPOTHESIS

- 3) the *spirit* or *Life* aspect would be concerned with the “5 planetary inlets” (+ 2 still hidden) indicated in the Teachings as the five main **CENTERS** of the present “5th Root-race” of humanity, corresponding to five key cities, through which Hierarchy and Shamballa distribute Their energy.

“...there are today in the body of Him in Whom we live and move and have our being, five focal points of spiritual energy, expressing themselves through five awakened centres in that body. These five are:

- | | | |
|---|----------------------------|-------------------|
| 1. Geneva.—The European continent. [including Russia]. | 2 ND R. HEART | 1-2 LEO - force 2 |
| 2. London.—The British Commonwealth of Nations. | 3 RD R. THROAT. | 5-7 GEMINI. - 1 |
| 3. New York.—The American continent. | 6 TH R. PLEXUS. | 2-3 CANCER - 6 |

London -----	5th ray -----	7th ray -----	Gemini. THROAT 3RD R "I serve"
New York-----	2nd ray -----	3rd ray-----	Cancer. PLEXUS 6TH R "I light the WAY"

Geneva -----	1st ray -----	2nd ray-----	Leo. HEART 2ND R. "I seek to fuse, to blend and serve"
Darjeeling -----	2nd ray -----	5th ray -----	Scorpio. AJNA 1ST R. "I hide the light"]

... There are two centres in the planetary Life which are as yet relatively quiescent as far as any world effect is concerned. To them I assign no other focal point beyond hinting that within the continent of **Africa** one will someday be found, and later still (many millions of years ahead) another will be discovered in the region of **Australia**. It is, however, with the five centres in this fifth root-race that we are concerned.” (AE, 521)

22. “Through these five places and the areas in their neighbourhood **the energy of the five rays [1-2-3-6-7]** pours forth, conditioning the world of men, leading to results of profound significance and determining the trend of events ...] through the five major centers in the planet today, spiritual energy is streaming forth, and according to the vehicle of expression which receives its impact so will be the reaction and activity...

23. The five cities which are the exoteric expression of the esoteric center of force and through which the Hierarchy and Shamballa are seeking to work are the correspondence in the planetary body to the four centers up the spine and the ajna center in the body of humanity and of individual man. ...they are “living vital focal points of dynamic force” to a greater or less extent. Some predominantly express soul energy and some personality force; some are influenced by Shamballa [Darjeeling and Geneva?] and some by the Hierarchy.” (DN, 92&102)

24. Attributions are mere working hypothesis, and it would be beautiful to constitute one day a study group to examine and inquire into them.

These charts, even if incomplete, allow us to compare the ‘talents’ and tasks of each Nation, and to order their Functions at the service of global development, according to these 3 different levels of planetary Septenaries -- of Centers, Schools or Continents.

The mission of true Humanity is to learn *intelligent love* or the *coordinated collaboration for a common Purpose*, another way of defining the hierarchical Order.

25. It’s up to each of us, therefore, to contemplate this or some other form of the hierarchical Model of the world, where no Nation commands or suffers, but where each people assumes, once able to do so, responsibility for their real Nature and Function, in harmony and accordance with that of others.

As the vision deepens, it will be necessary to probe its profound implications, symmetries and correspondences in national peoples or in international relations.

26. For now, let's ventilate our hearts and minds with this common Dream - the real possibility of a United Nations Order at the service of the Good and of the global New Culture and Civilization: the Idea of a hierarchical Humanity, of Brotherhood.

“... life is **loving synthesis in action**, and of that there is little today in demonstration. We have life in activity but love, based on realised unity and leading to expressed synthesis, is still absent. The **vision** of it is, however, upon the horizon of many, for in these days many are attaining sight and light is pouring in. Revelation will come when the world disciples and initiates have perfected the art of revelation. (Alice Bailey - *Rays and Initiations*, p. 300)

27. So: “let our Light shine!” to build the One Humanity.

*Heaven doth with us as we with torches do,
not light them for themselves;
for if our virtues did not go forth of us,
‘twere all alike as if we had them not.*
(William Shakespeare, *Measure for measure* - Act I, Scene 1)
