## 2022 SOLAR RITUALITY AND EPHEMERIDES

(from December 2021 solstice to the 2022 one)

The TPS *solar Sowing* intends to “carve a new path” of collective creative imagination “with a united breath and unified rhythm” with the *causal* and *causing* [cyclic](#) pulsations of the higher Creators, the planetary, solar and cosmic Entities: the *conscious Dream* of a **New Culture and Civilization** (nourished particularly in the past seven years or 5th septennium), together with that of a **New World Religion** (the primary Goal and theme of the coming Sixth seven years 2022-2028), as manifestations on Earth of the evolutionary [Plan](#) and of a *new human planetary Order*.<sup>1</sup>

In particular, directing the *sowing of future Forms* to the encounters between the *ideal celestial Formulators* tends to substantiate our conscious understanding as well as to assist in the harmonic precipitation of their energies, or *rays of Ideas*, the causal powers of all things.

*“The substance of the Fire of Space directs the human consciousness. Since it is acknowledged that even the rays of the moon help the growth of plants and affect inanimate objects, one may go a step further and admit the creativeness of the rays. Certainly the sun—the life giver—saturates the entire Universe; but the realization that the streaming rays impart a conscious force of energy will afford the most fiery attainments. Cosmos demands uniformity of striving in all things. Sensing the vibrations of the currents, humanity will discover the multifold creative transmissions of the rays. Thus does Cosmos bestow its treasures. The substantiation of these treasures is inevitable. Spiritual application should be accepted equally with the wondrous powerful impulse. Cosmic creation is built upon the foundation of spirit. A discovery comes in a harmonious fusion with a cosmic ray. The rays from heterogeneous elements bring immeasurable revelations to humanity.”<sup>2</sup>*

Starting this year, the *first year of the sixth septennium*, in resonance with the energy of the Sixth Ray of abstract Idealism,<sup>3</sup> the [Workshop of Thought](#) and the Sowing of TPS tend to assume this unifying, synthetic, abstracting quality towards the Essence, proper to the World of Ideas or Causes, invoking and evoking the values and ideals of a new Culture and Civilization and of a New World Religion.

“The unifying power of the 6, without impeding the upward force of Ideas and their productions, guarantees unity of everything and thus the access to any of them. (...)

World of Ideas  
= *world of Intervals*  
= *world of the Soul*  
= *free consciousness*  
= *intuitive level*  
= *infinite*  
= *harmony achieved*  
= *centrality*  
= *universal communion.*<sup>4</sup>

The Evolution proceeds, in the source Era of *Aquarius*, towards the primary Idea and the conscious realization of **universal Brotherhood**, towards the Communion between all worlds, towards *the world of the Soul*, bases of the *world Religion* and of its essential Truth: the Unity of the Whole.

<sup>3</sup> 6th Ray (Neptune, Mars): Communion, Community, Values, Ideals, Religion, Communication.

<sup>4</sup> From “[The Distant Goals](#)”, Goal 6.3.

Also the way of proceeding of the Sowing, in accordance with the solar and cosmic rhythms, therefore intends to follow this supermundane Magnet and *lead back to the Heaven of Ideas*, to the Sources of Truth, of Good and Beauty, of real Power.

*“Rulership is not in crowns nor in crowds, but is in the cosmic expanse of ideas.”*<sup>5</sup>

*Ideas* are real energies and living Entities, they are *the powers that produce precipitates*, and turning our contemplation and reflection to these Sources of events and things can only raise our vibration and vision of existence, a very necessary and urgent act in these times of confusion and blindness.

"Everything is Proportion and Co-measurement in the World of Ideas governed by the Rule of Art. Exactness illuminates it. Everything, including joy and bliss, is ruled by Number. Therefore, every Being shines and the Law leads in all its regions. The World of Causes does not encompass any chance, nor disorder or doubt. There is nothing there created by man, yet he has his causing reason.

The World of Ideas does not tolerate violence nor oppression, which are contrary to Harmony, its natural law."<sup>6</sup>

\*

Let's now consider the executive and rhythmic plan of the Sowing 2022-6.1, *from Heaven to Earth, from Earth to Heaven*.

The unifying score of our annual Canto is the [Lambdoma generator of Ideas](#), a 'mathematical' attempt by consciousness to 'square the circle' of Reality: following the Cosmogensis presented by Ancient Wisdom, *the Genesis of absolute Life in Space has Seven primary Principles or Ideas and 42 secondary ones*.

This Genesis of Manifestation is therefore at the basis, as presented in many pages and documents of TPS, of the *formulation* of the [Hierarchical Plan](#) and of the [systemic Model](#) of Evolution:

“The [Table of the Plan](#) is to be understood as a Table of right relations between the Vertices, their Functions and the Ideas of the Plan, and between the System and the greater Systems and between all the internal operations.” (*Ibidem*)

The *systemic ordering of Thought in Lambdoma*, or the Pythagorean and harmonic matrix at index 7 (the Seven Rays or Energies of Life), is therefore a scientific and magical tool to penetrate and uncover, in an *integrated system of relationships*, the energetic core and mystery of any Idea.

From the Lambdoma of the *Genesis of the Ideas* of Absolute Life, in the last seven years there have been derived seven other Lambdomas and relative Genesis, placing the Ideas and Formulas of its Seven columns as new central axes from time to time, and from each of them we have tried likewise to extract 42 systemically connected Ideas and Formulas (see the 7 + 1 Genesis on the Italian [Documents](#) page, 4th sector).

<sup>5</sup> Community § 84, Agni Yoga Collection.

<sup>6</sup> From “[The Distant Goals](#)”, Goal 6.3.

What makes this *philosophical* presentation of the **Genesis of Life** new is precisely the use of the mathematical and sound matrix represented by the Lambdoma, to try to embrace and understand the system of spatial relationships between infinite entities such as the Ideas, the Model of ordered unity of the Universe.

\*

For the year 6.1 the thinkers and authors of TPS, converging towards this *unity of purpose*, according to their Vortex in the 49 of the System and Table of the Plan (see [Asserting the Planetary Plan](#)), therefore take care subjectively and objectively of their own Polarity of Ideas (e.g. if the Goal/Vortex is 6.4, they will be 6.4 VALUE and the symmetrical 4.6 SYMBOL), and they penetrate the essence of this Relationship, in quadripartition with the two Mother-Ideas of the Central Axis (4.4 MODEL and 6.6 SYNTHESIS).

The inner Work is *directed, aligned and oriented* to the celestial unions between the corresponding Ray Luminaries (in the case of the 6th and 4th Rays, Neptune with Mercury): on these Dates between Heaven and Earth, the Seed is thrown and symbolically and energetically distributed through the publication of thought-forms elaborated on such Ideas or Powers.

In conformity between Above and Below, the seeds for a New *ideal* Religion are directed and oriented by and towards the creative Powers and [psycho-geometries](#) of the solar and cosmic System, in order to set up, in imitation of the builders of the megalithic alignments and sacred temples, some *vital channels for the beneficial accomplishment of the Work*.

These are not sacred temples or places in stone, yet these *orientations to Heaven* serve the same function, as *qualified space resonators*, but informed by subtler matter: by the fiery, creative and evolutionary Thinking of the *heavenly Formulators*, whose Sounds and Directions ignite innumerable other fires, centers, beginnings, orienting the 'crops' and seeds of the New to the Reality and evolution of the solar Unity.

*Anchoring the foundations in the Elysian Fields, connecting and directing the Work towards the Sources of Life, its realization will follow in due course, according to the progressive resonance power of us-humanity to the celestial energies or Ideas, to the Fiery World.*

With such a humble attitude, humble as adherent to the service of the Earth to Heaven, *burning with ignorance* and joyous dedication, let us work *as if we were builders of the Future* (and we are co-creators), as active *units of life* of the Solar System and infinite Space, such creatures driven by the unstoppable will to collaborate harmoniously with the macrocosm.

*"Who is well oriented is the Way."*
