2023 SOLAR RITUALITY AND EPHEMERIDES

(from December 2022 solstice to the 2023 one)

The TPS *solar Sowing* intends to follow, "with a united breath and unified rhythm", the *causal* and *causing* [cyclic](#) pulsations of the higher Creating Entities - planetary, solar and cosmic, in order to [build the Future](#) by the [collective creative imagination](#): the *conscious Dream* of a **New Culture and Civilization** (nourished particularly in the past seven years or 5th septennium: 2015-2021), together with that of a **New World Religion** (the primary Goal and theme of the coming Sixth seven years 2022-2028), at the Service of the general [Plan](#) of Evolution and of a *new human planetary Order*.¹

Directing the *sowing of future Forms* to the encounters between the *ideal celestial Formulators* assists the harmonic precipitation of energies, of the *Ideas*, the causal powers of all things, according to the Order of their *Seven Rays*.

*"The substance of the Fire of Space directs the human consciousness. Since it is acknowledged that even the rays of the moon help the growth of plants and affect inanimate objects, one may go a step further and admit the creativeness of the rays. Certainly the sun—the life giver—saturates the entire Universe; but the realization that the streaming rays impart a conscious force of energy will afford the most fiery attainments. Cosmos demands uniformity of striving in all things. Sensing the vibrations of the currents, humanity will discover the multifold creative transmissions of the rays. Thus does Cosmos bestow its treasures. The substantiation of these treasures is inevitable. Spiritual application should be accepted equally with the wondrous powerful impulse. Cosmic creation is built upon the foundation of spirit. A discovery comes in a harmonious fusion with a cosmic ray. The rays from heterogeneous elements bring immeasurable revelations to humanity."*²

Since last year 6.1, the *first year of the sixth septennium*, in resonance with the energy of the *Sixth Ray of abstract Idealism*,³ the [Workshop of Thought](#) and the Sowing of TPS tend to assume this unifying, synthetic, abstracting quality towards the Essence, proper to the World of Ideas or Causes, invoking and evoking the values and ideals of a new Culture and Civilization and of a New World Religion.

"The unifying power of the 6, without impeding the upward force of Ideas and their productions, guarantees unity of everything and thus the access to any of them. (...)

World of Ideas
= *world of Intervals*
= *world of the Soul*
= *free consciousness*
= *intuitive level*
= *infinite*
= *harmony achieved*
= *centrality*
= *universal communion*."⁴

We know from the Esoteric Teaching that Evolution proceeds, in the source Era of *Aquarius*, towards the primary Idea and the conscious realization of **universal Brotherhood**, towards the Communion between all worlds, towards *the world of the Soul*: the very fundamentals of the *New World Religion* and of its essential Truth - the Unity of the Whole.

In particular, in the year **6.2 Space. Infinite. Bases of the new Religion**, the reunifying energy of the 6th Ray combines with the main energy of the **Second Ray of Love-Wisdom**, whereby this Idea or

supreme Reality of infinite spatial Love becomes and is our primary *Magnet* and *Motive*, our *Master of the Heart*.

Its *Agents of transmission* or living Symbols are, according to the Wisdom Tradition, *Christ* and the *Mother of the World*, the two "wings" of the advance of the Heart towards the realization of the Unity of the Whole.

And therefore, to *the love that moves the sun and the other stars* and to its *sacred Guardians*, our gaze and smile are turned; and in this infinite breath we announce and prepare the primary Goal **6.6**, symmetrical to 6.2, oriented by their sacred center, the summit of **2025 - Goal 6.4**, crucial Date for the fate of the Planet and the *Externalization of the Hierarchy*.

*

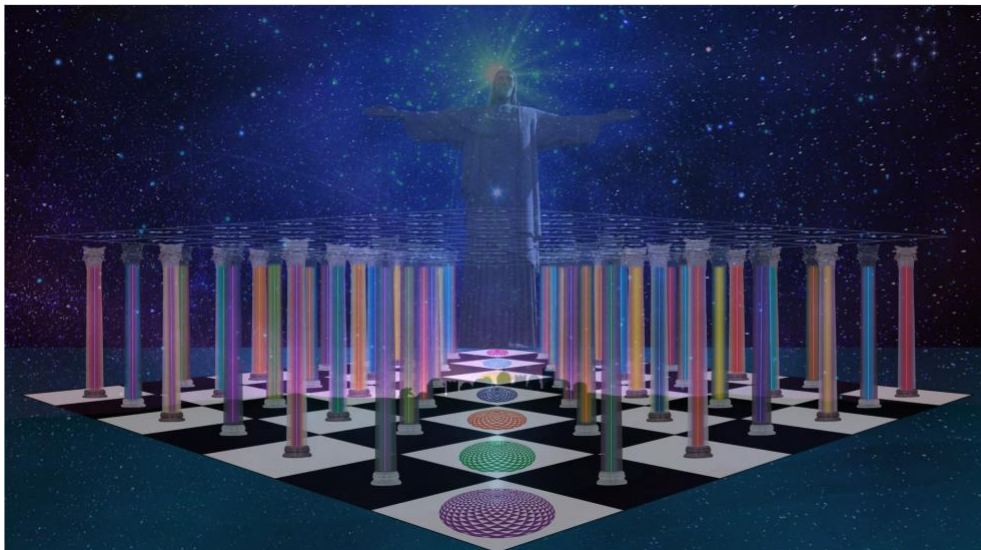

In conformity between Above and Below, the *seeds* for a New *ideal* Religion are directed and oriented by and towards the creative Powers and psycho-geometries of the solar and cosmic System, in order to set up, in imitation of the builders of the megalithic alignments and sacred temples, some *vital channels for the beneficial accomplishment of the Work*.

Anchoring the foundations in the Elysian Fields, connecting and directing the Work towards the Sources of Life, its realization will follow in due course, according to the progressive *resonance power* of us-humanity to the celestial energies or Ideas, to the *Fiery World*.

With such a humble attitude, humble as adherent to the service of the Earth to Heaven, *burning with ignorance* and joyous dedication, let us work *as if* we were *builders of the Future*, as active *units of life* of the Solar System and infinite Space, such creatures driven by the unceasing will to collaborate harmoniously with the macrocosm and the Supermundane.

"Who is well oriented is the Way."

*

³ 6th Ray (Neptune, Mars): Communion, Community, Values, Ideals, Religion, Communication.

⁴ From "[The Distant Goals](#)", Goal 6.3.

⁵ "The literature and culture of the entire West ... begin in the first verse of the Iliad by invoking the Muse; at the beginning it is therefore the very high, sacred voice of the *mousiké*. ... Its importance in the cosmic order is essential: it completes the superb glory of the divine work of creation and represents its soul (...). The Muses have a very high, indeed unique, place in the divine hierarchy. They are called daughters of Zeus, born of Mnemosyne, the Goddess of memory; but that is not all, since it is reserved for them, and for them alone, to bear, like the father of the Gods himself, the appellation of Olympians, an appellation used to honor the Gods in general, but - at least originally - no one God in particular, except for Zeus and the Muses." (Walter Friedrich Otto, "The Muses. And the Divine Origin of Speech and Song")

⁶ The last column of the Ephemerides reports the "**49 Attestations of the Plan**", that is the daily Sowing of the *49 Formulas of the Plan oriented to 2025*, inaugurated by the [heliocentric conjunction of Jupiter-Saturn of November 2, 2020 in Aquarius](#) (for the first time in the Sign of the New Era since the Renaissance): the solstice of **December 21, 2022**, initial impulse of the year 6.2, is inaugurated with Formula 5.1 of the 16th cycle of [49 days + 1 synthetic](#) (this one dedicated to the general Formula : 0/0 *The Planetary Order asserts the Plan of Love and Light*), and so on throughout the year 2023.
