

## Signs of the Heavens year 6.3 – 2024

We are at the dawn of a new annual [cycle](#) and, as usual, we *raise our eyes to the Heavens* in an attempt to recognise and assist, according to the systemic Model of [Astrosophy](#), those *Signs* that guide the evolutionary advance of planetary and human Consciousness for the next phase of the solar [Plan](#).

As already commented on in the two documents [Outlines of the Sixth Septennium](#) and [The Seven Steps towards 2025](#), the coming year 2024 sees, in the heliocentric chart of the *high causes*, the following positions of the 4 *solar Maharajas*<sup>1</sup>:

<b>6.3 – 2024</b>  <b>Communion with the World of Ideas</b>  <b>Neptune – Saturn</b>	<b>Jupiter in Taurus 5 – Gemini 5</b> (enters on 6/6)  <b>Saturn in Pisces 2 - 5</b>	<b>Uranus in Taurus 6 – 7</b>  <b>Neptune in Pisces 7</b>	<b>Conjunction between Jupiter and Uranus (3/14)</b>

### Tropical heliocentric chart 2024-6.3

**Inner wheel: Solstice 22-12-2023 h. 3.28am UT – Outer wheel: Solstice 21-12-2024 h. 9.22am UT**

The most important causal Date of 2024-6.3 is the beneficial and constructive meeting in **Taurus** (pure Fourth Ray of *Harmony through conflict*) between **Jupiter**, the Principle of the Second Ray of *Love-Wisdom*, and **Uranus**, the Seventh Ray of *Order and ceremonial Magic* (culmination on the 14<sup>th</sup> of March, and geocentrically on the 21<sup>st</sup> of April): as regards the Earth, Humanity is ever more powerfully driven to *reveal Its essential Reality*<sup>2</sup>, that *Light through knowledge* that will lead it to the *conscious* governance of the Planet and its natural kingdoms, to the triumph of the irrepressible and salvific force of our *Fourth human Hierarchy*.

Through the increasingly mentally co-ordinated work of the [Group of world servers](#), the hierarchical Essence of Humanity *extracted* from the depths of matter (Taurus, esoterically ruled by Vulcan) is, despite appearances, *already* in the process of resurrecting and *shining its Light*.

The two Luminaries of *beneficial fulfilment* therefore meet in the germinating waters of Taurus to fertilise consciousnesses with the *Light of Revelation*, promoting *harmonious communion with the Fiery World*:

### **GOAL 6.3 – COMMUNION WITH THE WORLD OF IDEAS (2024)**

#### ***I compose the ideal Formulas of the Plan***

“The unifying power of the 6, without impeding the upward force of Ideas and their productions, guarantees unity of everything and thus the access to any of them. In other words, the world of Ideas generated by the 3 [the Creator] is held together by what they have in common.” (From “[The Distant Goals](#)”, Goal 6.3)

The *third planetary centre*, the One Humanity, has for its *cause* and *Model* the two higher Centres of the Planet, Shamballa and Hierarchy, and aims at a *creative Synthesis* with Them, for the *glory* of the common Purpose.

Thus, trying to marry Heaven and Earth, we follow the solar rhythms within ourselves and apply them to the *matrix* or [first human formulation of the hierarchical evolutionary Plan](#), activating within us, in the initiatory instant of the Capricorn-Cancer Solstice, the Energies of the *third* year of *sixth* septennium.

Goal **6.3** is dedicated to recreating or reformulating the unified and unifying power of Ideas, and is governed by the Sixth Ray of *Abstract Idealism and Devotion* of **Neptune** and the Third Ray of *Creative Intelligence* of **Saturn**, both now in the abyssal substance of **Pisces** (2<sup>nd</sup> and 6<sup>th</sup> Ray).

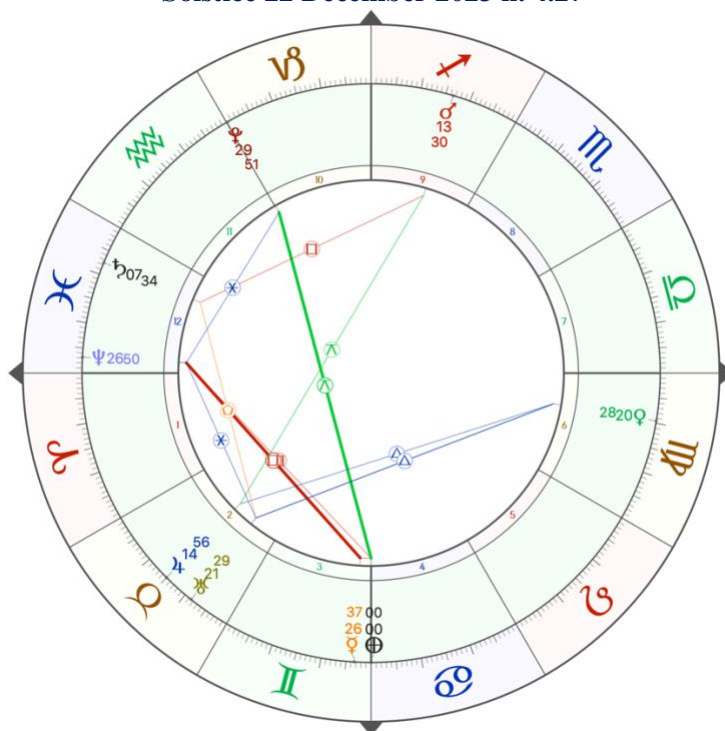

The Light of Truth (Saturn) breaks into the waters of Pisces and dispels all glamour, while the saving force of Neptune, Lord of solar Communion, dissolves all resistance and brings back to the One what was dispersed and separated.

In the solstitial chart we must also highlight the *collaborative sextile* aspect ( $60^\circ=1/6$  of  $360^\circ$ ) between **Neptune** and **Uranus**, between **Pisces** and **Taurus** (a sextile qualified and assisted by the even Rays transmitted by the two Signs as well as by their common aspect of 1<sup>st</sup> Ray, through the rulers Vulcan and Pluto), which allows these two *solar Guardians of the hierarchical Community* to lay the initiatory foundations of the [new world Religion](#) in *Communion with the World of Ideas*.

The pressing Need to *return to the Father's home*, to the World of Causes, to the *vertical Path* as the only solution, to the union between Hierarchy and Humanity, between planetary Heart and Mind, is evoked by the fateful entering – on 22 January 2024 – of **Pluto** (First Ray of *Will or Power* and esoteric and hierarchical ruler of Pisces, where it will then transit, starting from 2043) in **Aquarius**. This Relationship between the Destroyer and Reformer Pluto and the *Sign of the New* (which conveys the pure Fifth Ray of *Mind and Knowledge* and influences our consciousness through Jupiter and Uranus), marks a decisive and disruptive stage in the process of exchange between the two Ages, where the slow rhythms of materiality/materialism and individualistic disorganisation will undergo a *global regeneration*.

**Solstice 22 December 2023 h. 4.27**

**Truth, Brotherhood, Freedom!**

**Pluto** in Aquarius thus awakens *movements for independence* to be directed from the egocentric sphere (*self-will*) to group consciousness (*One Humanity*), thus imprinting the evidence of the New Age in the depths of consciousness and subverting the ‘little wills of men’. The clash or encounter between evolutionary Necessity and free will, between individual and collective rights and duties, between appropriation and distribution, between crazy or responsible management of resources and of the *Common Good*, between solar and artificial intelligence, have precipitated, and will precipitate ever more intensely, the *burning ground* for the initiation of humanity into the *Great Service*, into the supreme Freedom and Truth of the *Brotherhood between worlds*.

In particular, the *Relationship between Power and Love* at the turn of the two astrological Ages will find a favourable Date of causal sowing and irradiation when **Pluto** (esoteric Ruler of Pisces) in Aquarius and **Jupiter** (esoteric Ruler of Aquarius) in Gemini (it will enter on the 6<sup>th</sup> of June) will be in *trine* this year ( $120^\circ$ ) on June 14, close to the second solstitial summit (June 20, 2024).

**Jupiter** (2<sup>nd</sup> Ray) in **Gemini** (2<sup>nd</sup> Ray) enhances the spatial Magnetism between all polarities or pairs of opposites, thus intensifying the capacity for invocation and evocation of the *Group Consciousness*, that is the union between Humanity (Personality) and Hierarchy (Soul), between the World of Forms and the World of Ideas.

Here then is the double Cross of heliocentric (the plane of systemic Causes) and geocentric (the plane of relative causes and effects) **Formulas** that the *group heart* has composed to guide our steps *to the gates of the Summit of 2025*:

### **Celestial Formulas 6.3 2024**

#### **December Solstice:**

Truth, Brotherhood, Freedom! (helio)

The One Humanity is the relentless will to Harmony (geo)

#### **March Equinox:**

Light, Love, Order!

The One Humanity is the Hierarchy of Intelligent Love

#### **June Solstice:**

Harmony, Power, Unity!

The One Humanity is the Artist of Thought

#### **September Equinox**

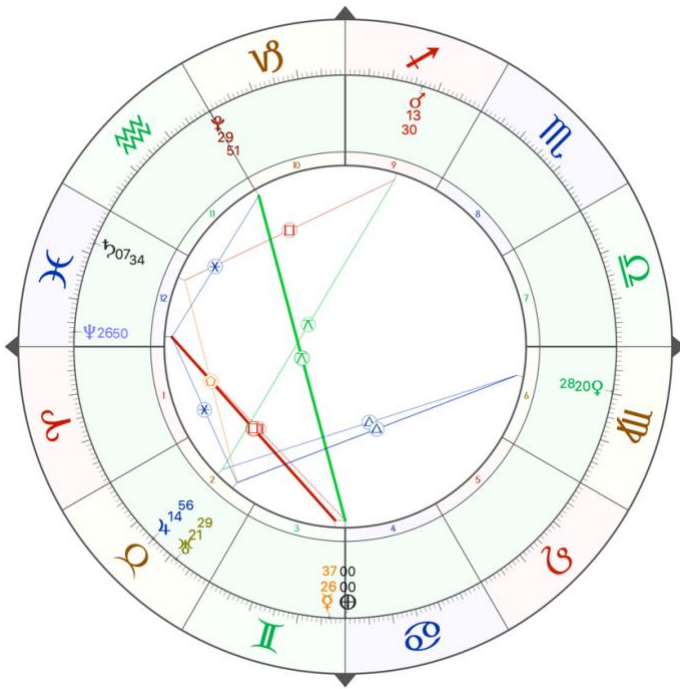

Wisdom, Compassion, Victory!

Humanity is Joy, Strength, Beauty!

More in detail, the heliocentric Chart of the Solstice, the potential indicator of the trend of the entire year, sees the **Earth**/Humanity conjunct **Mercury** (4<sup>th</sup> Ray/4<sup>th</sup> human Hierarchy), confronted by the solar Principle of *Compassion* (squares to Neptune in Pisces). **Mercury**, the *Magister Musicae*, is

that celestial Lyre that resounds at the touch of Love, irradiated in the systemic Space by Gemini and Sirius: He collects and connects in Harmony the notes of Life, forging, now in agreement with Neptune, the *Concordance* necessary to resonate with the Heavens through the strings of the heart, of *pure reason*.

Earth-Mercury are also stimulated (quincunx 150°) by the *transfiguring Power* of Pluto on the edge of Capricorn; it is time to take stock, time for *karmic Judgment* “before the Sun rises”: an extreme tension which is also confirmed by the square between Saturn in Pisces (Sign that governs humanity) and Mars (which is propulsive towards the future) in Sagittarius, quincunx to Jupiter.

The *beneficial fulfilment of the Light*, though, “despite everything”, is supported by our *solar Angel Venus* (5<sup>th</sup> Ray) in trine from the Sign of the Mother of the World cosmic Love, Virgo (2<sup>nd</sup> – 6<sup>th</sup> R.), *obedient* to the central Will.

**Venus** in Virgo is loving Wisdom, She who welcomes, nourishes and gives birth to the Christic germ and, when the time is ripe, shows the world the *Glory* of Heaven, that *Group Consciousness* achieved through individual responsiveness, the “infant Christ”, basis and prototype of the *solar Consciousness* of the *Fourth human Hierarchy*, synthesis of High and Low, Spirit and Substance, Father and Mother.

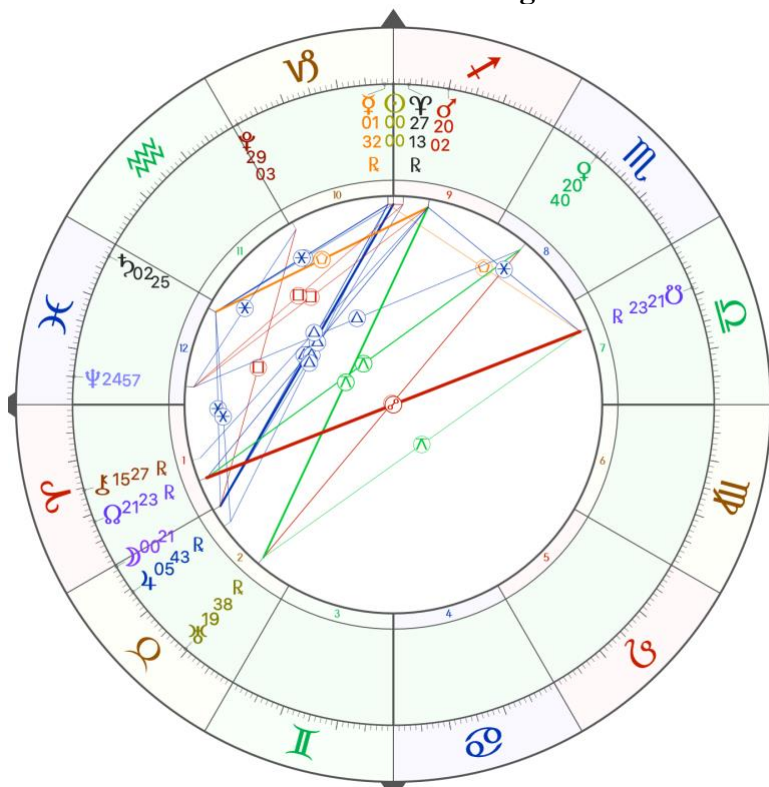

Let us therefore assert:

***Truth, Brotherhood, Freedom!***

In the solstitial Heaven of the geocentric perspective, the one that teaches where and how to precipitate the evolutionary causal energies, this heliocentric Formula evokes the geocentric response:

### Solstice 22-12-2023 h. 3.28 – geocentric

### *The One Humanity is the relentless will to Harmony*

Only the Airy Signs are silent, while the agreements between the Luminaries in Earth and Water Signs ring out (between the Sun and Mercury, the Lord of Harmony, in Capricorn, and the Moon, Jupiter and Uranus in Taurus, Source of that *relentless will to Harmony*, with 4 sextile aspects to Saturn in Pisces).

Mars here too is in Sagittarius, square to Neptune, the driving force of unstoppable motion which, if dominated, gives the dynamic strength necessary to support the in-depth and non-partial search for the Truth (quincunx to Uranus): through the ‘dissolution of the ego’ and a constant volition, free from the passions and seductions of personal desire (Neptune in Pisces trine Venus in Scorpio), Beauty *the splendour of Truth* – triumphs.

*“So much has been said about doctrines; yet humanity does not know how to accept the doctrine of the Brotherhood. How many distortions have been accumulated about the Truth! How many principles have been destroyed! They will ask, “On what is the Stronghold of the Brotherhood built?” Answer, “On the doctrine of the heart, the doctrine of labor, the doctrine of beauty, the doctrine of evolution, the doctrine of tension—the most vital doctrine.”*

*... Learn not to count days and not to notice years, because there is no difference when you are in the great expanse of Service. One should learn to feel oneself beyond trivial usualness and to adhere in spirit to the manifested world of Beauty. Let us proceed together to where there are no boundaries or end, where one can transform each beneficent gleam into the radiation of a rainbow of blessing to the worlds. ... limitless striving opens the Gates to Beauty.”* (Hierarchy § 1, 177 e 55, Agni Yoga Series)

<sup>1</sup> The number after the Zodiac Signs corresponds to one of the 7 sectors or qualities of each Sign, 5 degrees of which are informed by one of the Seven Rays, with the 4<sup>th</sup> Ray associated with its bisector (15°).

<sup>2</sup> **Uranus**, “the planet of the hidden mystery and one of the most occult of the planets "falls" in this sign [Taurus], producing the accentuation and the sharp division between body and soul... The task of Uranus, hidden in the depths, is to awaken and evoke the intuitive response of Taurus to an ever-increasing light until such time that full illumination is achieved and also the development of the spiritual consciousness—substituting these higher soul aspects for the lower form reactions. It is interesting to note that in Scorpio [opposite Sign which governs the Fourth human Hierarchy], Uranus is exalted which gives indication of the success of the task which the Uranian forces undertook. Achievement is attained.” (A. A. Bailey, *Esoteric Astrology*, p. 400-1)
