

Subjective Work of the Prototype for a Planetary Order (POP)

This document presents the *subjective Work of the Prototype for a Planetary Order* (POP), that is, the *inner and rhythmic Meditation* of a harmonic Group of consciousnesses that *dreams* and experiences within itself the Prototype for a *hierarchical Humanity*:

- Above, we *imitate* the septenary Model of the universal Hierarchy (the *Seven Rays*) presented by the trans-Himalayan esoteric Tradition, pulsating and vibrant on the *solar Plane* through the signs and rhythms of Heaven,
- Below, we assert the systemic structure or Lambdoma matrix of the *first human formulation of the planetary Plan*, that is, the creative intuition, according to the Science of Harmonics, of its **49 Goals and Functions** (see the text Asserting the Planetary Plan).

The 7x7 Lambdoma with 49 Goals or Vortices is *embodied* by the Prototype Group through 42 Functions that serve the 7 central Goals envisaged by the hierarchical Plan.

The Functionaries or Vertices of the *Prototype of the human Planetary Order* are thus called to the *causal* Work of assertion of the *Plan of Love and Light* on Earth (from the *causal* or *abstract* plane of the mind, where the egoic *Groups*, the *Group Consciousness* or human Soul live and build), preparing an Action of 'synthetic impression', according to a hierarchy of correspondences between *signs of the Heavens*, *systemic structures* and *ideal Formulas*.

This Work of **Assertion** in the “here and now” and of rhythmic **Activation** of the *49 causal Energies of the evolutionary Plan* follows the celestial Rituality according to the two Breaths or Cycles of the Logos guiding our Planet, the Day and the Year, Its simultaneous rotation and revolution on the common Plane of the solar Ecliptic.

The individual *conscious* and *rhythmic* Action, simultaneous to the common one of the group, is called, and destined, to resonate and evolve in an ever more *coordinated* way to the greater Rhythms, whether those of an egoic Group, of the planetary Hierarchy, or of the planetary, solar, cosmic and universal Logos.

As a Group, part of the *Order of the one planetary Server*, we can assist the higher Thinkers to *substantiate* the Plan of Love and Light on Earth:

«... *On the physical plane spiral rotation is the basis of the accumulation of substance, and thought also acts in an identical way. From the Summits down to chaos, Space is intensified by the spirals of consciousness. Thought spirally transforms itself into substance, permeating all Cosmos. One must understand and accept the transformation of thought into substance. This welding preserves the supply of substance, for thought is inexhaustible. On Earth much benefit may be reaped from the realization of the substantiality of thought ...*» (Fiery World I, § 646)

We are therefore oriented to *knowingly build* the Future, to learn and apply the *art of composing causes* on the higher plane of the Mind, so as to favor the realization of a new pan-human Culture, Religion and Order on Earth.

As if, we **identify** ourselves with the higher Builders, following them "with united breath and unified rhythm", until, in due time, our Consciousness will be *hierarchical*, that is, able to *cooperate in a coordinated or systemic way to the evolutionary Purpose*.

“Who is well oriented is the Way”.

Below is a legend and a summary table of the various **levels of work of the Sowing** identified for the Common Action of Impression:

- * The creative representations of the 7 central Goals (1.1, 2.2, 3.3 ...) introduce the 6 Vortices of equal Ray (1.1 Restoration of the Mysteries for 1.2, 1.3, 1.4, 1.5, 1.6 and 1.7; etc.).
- * In the Sheets of each Vortex/Vertex, under the Symbol of the Goal and those of the Numerical Ratio/Interval and of the 'Job' of the Functionary, the table of correspondences appears according to 3 levels of work:
- * At the first level, that of the **Crosses**¹, the 2 energies or **Ray Ideas** of the Vortex are asserted by the Functionary every day and particularly activated on the days of alignment with the two related **Stars/Constellations** –
- * At the second level, that of the **Polarities of Vortices** of the Table of the Plan, the symmetrical Goals of the Interval are asserted with the relative **Formulas**² together with those of the central Goals (e.g. for 6.4-4.6, also 4.4 and 6.6); in particular, they are activated when the two **Luminaries** of the relative Rays are joined heliocentrically, i.e. they trace a primary and causal direction between the central Sun and the Zodiac³ –
- * At the third level is the **Seed** of the Vortex, as Chant or Magical Action part of the systemic Chorus

* * *

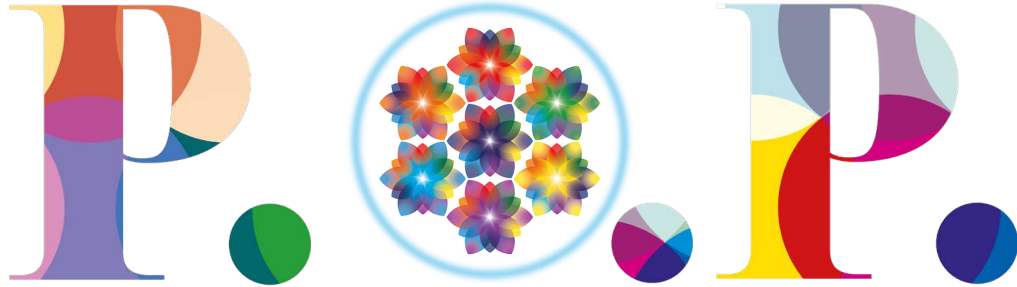

¹ The **Cross** is the maximum *systemic structure*, which irradiate in Space, through 12 Vortices, the power of the Ray being transmitted by one of the Seven major Centers or Goals of the Central Axis of unisons: the 12 Vortices with the Number **1** irradiate the Center and Goal **1.1**, the 12 with the **2** irradiate the **2.2** ...; so that every 'Vertex' or 'Functionary of Vortex' belongs to two Crosses simultaneously. This highest energetic level of sound Construction corresponds to the cosmic plane of Heaven, so for us is the Sun-Earth alignment with the celestial Fires of Stars and Constellations along the solar plane of the ecliptic.

² An *ideal Formula* is an association of *Ideas* or pure Energies; while these live and pulsate on the 4th *buddhic* plane, 'thought' and vivified by planetary, solar or cosmic Creators, the Formulas are asserted on the 5th *manasic* plane and can be intuited by the abstract or superior Mind, the very 'energetic substance' of the *human Soul*.

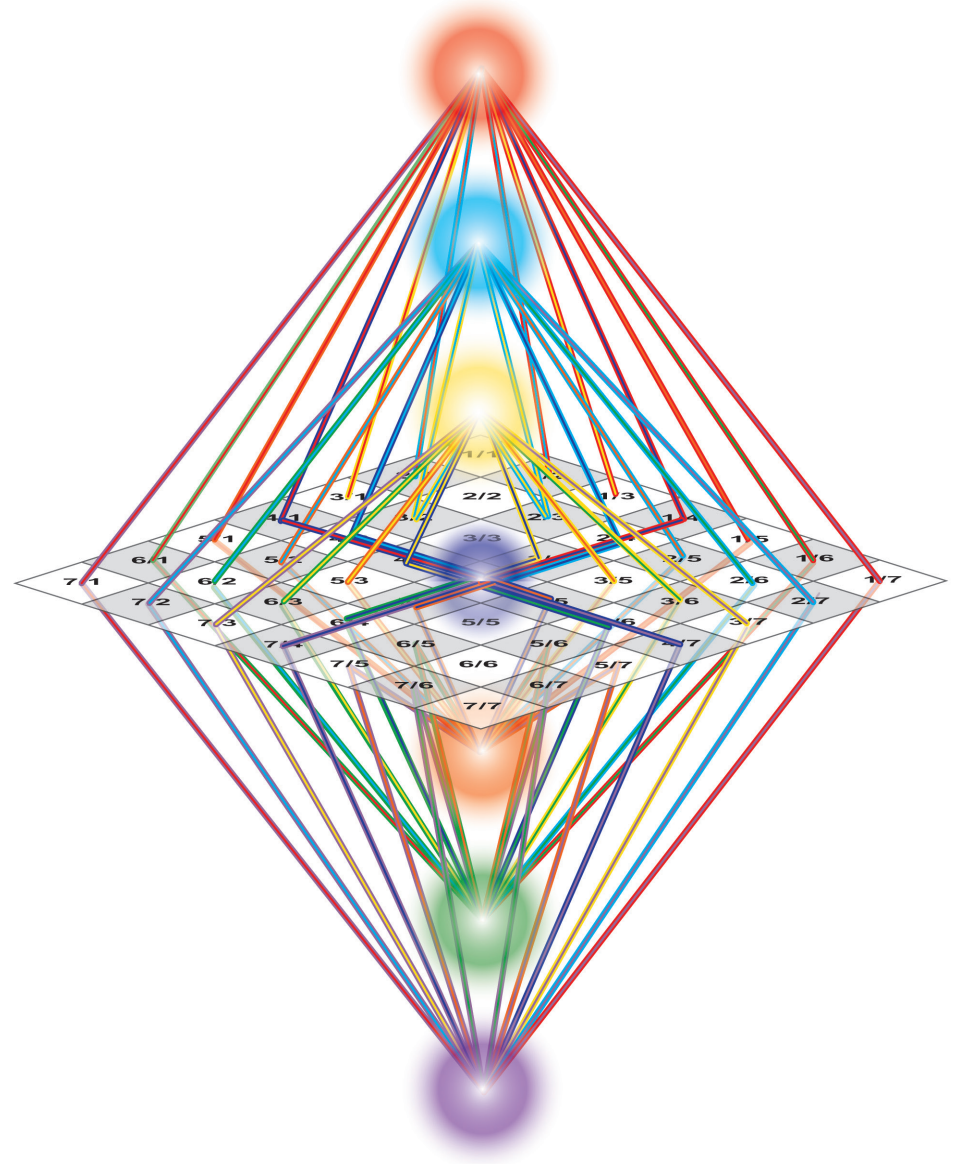

³ If in the ongoing year there are no conjunctions with a 'slow' or deep Luminary, the directions with the relative 'non-sacred' luminaries are celebrated: Sun 2nd Ray in the place of Jupiter, Earth 3rd Ray for Saturn, Mars 6th R. for Neptune, while Pluto 1st R. 'stands for' Vulcan, the *Heart of the Sun* at the center of the solar system - see *Introduction to Astrosophy* and for all the *signs of the Heaven* see the annual texts *Solar Ritual and Ephemerides* on the TPS Documents page, 7th sector "Order".

<p>Seed</p>	<p>I am the first Octave. I embrace the common Good and face the Infinite in its Name. In my deep love, two currents emerge leading to two Goals: the Restoration of the Mysteries and the Return of Christ, another Mystery that will make them live again. I am solitary, but not separated. I am the Cross, the eternal way going from TWO to ONE.</p>

<p>Seed</p>	<p>The star of creation shines where forms are born. It manifests things, and itself. It has the task of uniting the lesser to the greater part, and this one to the whole. Thus it differentiates between this and that, yet not separating them. It transforms the sublime into the concrete without extinguishing that Fire. Below the Star, creatures vibrate. Above the Star, a rainbow, a bridge of Heaven, is burning.</p>

<p>Seed</p>	<p>The exchanges between above and below are possible if the lower reflects the higher and manages to contain its reflection. The forms not meeting this condition are in disarray and confused. They are really non-forms. They do not have any existential value. However, if they are correct they are right and in themselves reinstate the one. My project of expression is in this rule.</p>
