2025 Solar Rituality and Ephemerides

(from December 2024 solstice to the 2025 one)

Introduction

We have arrived at the Initiatory *Date* of 2025, a time of special unification between [Humanity](#) and [Hierarchy](#),¹ a crucial Date for the fate of the Planet and the *Externalisation of the Hierarchy*. A *Decision* as to how Humanity will enter the new Age will be taken by the 6th initiation Masters of our *Solar Hierarchy*, [Shamballa](#).²

Within the ranks of Humanity, those who hear the call to Service, to evolutionary advance, ‘close ranks’, knowing that they are [one Group](#), ***one planetary Server***: despite the apparent facts of today's world, evidence and *temporary* consequence of past causes, Humanity is under evolutionary impetus increasingly a unified Soul or Group Consciousness, destined more and more powerfully to *unveil its essential Reality*, that *Fourth Human Hierarchy* which teaches from the inner planes the *conscious and creative* government of the Planet and of its natural kingdoms, and which will ‘restore the Plan of Love and Light on Earth’.

*

Specifically, the TPS [Workshop of Thought](#) and Sowing *serve* the common **Purpose** by constituting a *Prototype for a Planetary Order* (POP), a Prototype of a *hierarchical Humanity* that *Above imitates* the septenary Model of the Universal Hierarchy (*Seven Rays*) and *follows* the [signs and rhythms of the Heavens](#), and *Below* reflects the [systemic structure](#) and steps of the *first human formulation* of the [49-Goals Planetary Plan](#)³ (see the texts [Asserting the Planetary Plan](#), [The Subjective Work of the Planetary Order Prototype](#) and the [Seven Steps towards the summit of 2025](#)).

In the current *first cycle of 49 years of the Plan (1987-2035)*, the crucial step of **2025** corresponds to the step and ***Goal 6.4 – Religiosity and intelligent communion of Art***:

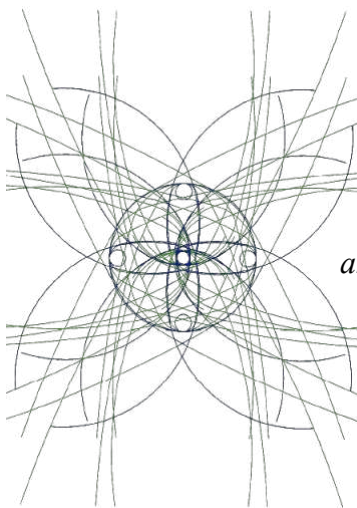

1/1 Restoration of the Mysteries.	1/2 Common good. Study of divine Space.	1/3 Esoteric centres to activate Group initiation.	1/4 The Life of Hierarchy as a model for human social life.	1/5 Unity of creative energy. Projection of the new Civilisation.	1/6 A thread links all the Centres. The Network.	1/7 Integration and synthesis of every tendency, activity and current.
2/1 Teaching of initiation. Esotericism of Space.	2/2 Return of the Christ.	2/3 Relationship of pupil-Master. Submission to the Guide	2/4 Space. Study of Infinite reality. Symmetries.	2/5 Connection of all the functions of the Group.	2/6 Science of spatial relationships. Astrology.	2/7 Study of the Hierarchy of Space.
3/1 Sacred Group life. Rules. Projects.	3/2 The Master. The Christ as initiatory guide.	3/3 Group Initiation	3/4 The 14 rules for Group progress.	3/5 Study of cycles, dates and currents.	3/6 Reality. Fire of the Idea. Fiery World.	3/7 Internal and external dialogue.
4/1 Imitation of the initiatory Life of the Hierarchy.	4/2 Imitation of Christ	4/3 Harmonious relationships in the Group and between Groups.	4/4 Imitation of the Hierarchy.	4/5 Creation of the models of social life.	4/6 Exchanges between form and content, between Hierarchy and Humanity.	4/7 Beauty of radiated forms.
5/1 The Mysteries: guiding centre of Culture.	5/2 Institute of the Heart.	5/3 Sowing of the principles of the new Culture.	5/4 New bases of Culture. Art. World of images.	5/5 New Culture, New Civilisation	5/6 Construction of Ideals.	5/7 Creative liturgy of the Group and of the Work.
6/1 Esotericism of the new world Religion.	6/2 Space - Infinity. Bases of the new Religion.	6/3 Communion with the world of Ideas.	6/4 Religiosity and intelligent communion of Art.	6/5 Communion of Work. The Book of the System.	6/6 New world Religion	6/7 Hierarchy of the Community.
7/1 Rituality of Group life and of the Mysteries.	7/2 Preparations. Awaiting the Return of the Christ.	7/3 Ritual study of Group life.	7/4 Harmony. Application to all the relationships of the Group.	7/5 Testing. Choices. Defense.	7/6 Rites and Cycles of social life.	7/7 Order. Restoration of the Plan

In the [Lambdoma](#) living matrix of the Inner Cycle of the Plan, the **6.4** is fourth central year of the [Sixth septennium](#) (2022-2028) since when the informing energy of the **Sixth Ray of Abstract Idealism** has been assumed for the sowing of the values and ideals of a [new world Religion](#),⁴ the reunifying, synthetic, abstracting qualities towards Essence, towards the **World of Ideas** or Causes, the *celestial Olympus*, the *Beauty of Being*.

The **6.4** Interval teaches that the universal **Unity** and **Brotherhood (6)**, primary Ideas of the Age of Aquarius (and beyond), are realized through the Beauty and Harmony of the Hierarchy of Masters and the Muses of the celestial Olympus (4).

Imitation of the Hierarchy (4.4) and *New World Religion (6.6)* are the central Goals guarded by this Goal and Vortex **6.4 - Religiosity and intelligent Communion of Art**, as well as by its symmetrical **4.6 - Exchanges between form and content, between Hierarchy and Humanity**: the ever more harmonious relationship between Hierarchy and Humanity, between planetary Heart and Throat, has a Master Way to be realised - the power of Beauty, ‘the sign of union’, and its expression, the *Art of Living*.

Not Beauty, but the understanding of Beauty will save the world.

“As soon as one speaks of Art, the great significance acquired by this concept over millennia and the value of its manifestations awaken reflection. Humanity has always loved Art ... When the Muses circulate among them, human beings perceive their superior energy and cultivate it; when they retreat to their Heavens, human beings feel bereft and bleak.

The Greeks, we know, recognized and named them. The Muses come and go, sing and dance and are living rhythms and all peoples honor them, as a scent and balm of existence. ... Man cannot survive without Art, even though he has not yet fully understood its nature and Law. Indeed, how can the Infinite be exhausted? ... Art is born in the heart and protects man from the disasters occasioned by his brain.

... One seeks it and sometimes finds it not only with the brush, or the compass, or the chisel, or the flute, but with every breath, because it is inseparable from life. ...

What the one wills and the 2 loves and the 3 plans is reflected by the 4, and it is Art. It is the Art of living, the highest art of all. Man is called to make a work of Art of his existence, in the broadest and most complete liberty. ... There will be a return to understanding that the ways of real pan-human communion spring forth from Art. Its light and smiling traces will bind peoples together, much better than other pseudo-visions which have cruelly separated them.

... The Light of Art is the clearest. Nothing reveals the imperfect, the incorrect, the weak, the inexact and the false better. ... Art is therefore the great hope for the harmonious union of the human race and between this and the other kingdoms of nature. What was never achieved with weapons, the goal not reached by fighting religions, the missed objective of all kinds of

ideologies, will be reached by Art and secret Muses who inhabit the spaces and treasure their immensity ...". (From [Asserting the Planetary Plan](#), Goal 6.4)

Beauty, that central Truth or Idea whose splendour attracts and gathers around Its fire every thing or being, must be *understood* through the human Heart and Mind so that it may be poured forth as a *saving force* upon the Planet. The Beauty of Creation and of the Orders of Creators, the Universal Hierarchy, must be understood and realised *in Group Consciousness*, chanted in chorus by the *Planetary Server*, so that its power of Liberation may reach all kingdoms of nature.

From the planetary Ajna Centre ([the Group of World Servers](#)), the fusion of the planetary Heart and Throat Centres, springs the vision and the resolving ray of the Beautiful, the Good and the True: the *Art of Living*.

One fine day, the hierarchical Humanity will shine forth, as the Work of Art of the Blue Planet, ruling the evolutionary advance in Harmony and Wisdom, *working out the Plan of Love and Light on Earth*.

*

With this vision of *Victory* embedded in the center of our Spirit, the *Solar Sowing 2025* therefore follows "with a united breath and unified rhythm" the *causal and causing* cyclical pulsations of the celestial Rhythms and Rites,⁵ including starting from this year **6.4** also the encounters with the celestial bodies of *9 asteroids* that the inherent human Intelligence has recognized and attributed to the very high Energies of the Goddesses of Beauty, the *Nine Muses*, hierarchical and [devic](#) Powers that, as the crown of the God of Love, Zeus (Jupiter and the divine Ray of our solar system), *make Creation perfect through Their songs and dances*, teaching their saving Art to the Heroes among men, to the disciples of the *Art of living according to the hierarchical and Christic Principle of Good, Beauty and Truth*.

According to the command and matrix of Goal 6.4, let us then celebrate the religious/unifying power and wise communion of the celestial Rhythmic Art, the sacred and salvific value of the Encounters between the celestial Gods *carving them as new paths of Harmony* in human minds and hearts.

*

Acting as a *Group* part of the *one planetary Server*, through our will and the creative imagination of the fiery Thought, we seek to imitate the sublime [Art of Ideas](#), those *Olympian Powers that produce precipitates*, in order to contribute to the 'beneficent fulfilment' of the planetary Plan.

For our Heart *knows*, analogously to the ancient builders of sacred temples, that directing the Sowing of the new *Ideals* and *Forms* to the Directions between the celestial *Formulators* promotes their *fusion*, so as to assist the harmonic and *conscious* precipitation of the Spatial Energies, of the *Ideas*, according to the Order of their Seven Rays.

“The substance of the Fire of Space directs the human consciousness. Since it is acknowledged that even the rays of the moon help the growth of plants and affect inanimate objects, one may go a step further and admit the creativeness of the rays. Certainly the sun—the life giver—saturates the entire Universe; but the realization that the streaming rays impart a conscious force of energy will afford the most fiery attainments. ... Sensing the vibrations of the currents, humanity will discover the multifold creative transmissions of the rays. Thus does Cosmos bestow its treasures. The substantiation of these treasures is inevitable. Spiritual application should be accepted equally with the wondrous powerful impulse. Cosmic creation is built upon the foundation of spirit. A discovery comes in a harmonious fusion with a cosmic ray. The rays from heterogeneous elements bring immeasurable revelations to humanity.” (Infinity II § 11, Agni Yoga)

To build the Future by the collective creative imagination is not only possible, but dutiful, and powerfully beautiful: let’s *sing* and *dream* a **New Culture and Civilization** and a **New World Religion**, at the Service of the general Plan of Evolution and of a *new human planetary Order*.

As *one planetary Server*, as a *Prototype for a Planetary Order*, let us therefore prepare a fiery Chalice of Will, Love and Light, a unified invocation to the Good, the Beautiful and the True of the Olympus of Ideas, certain of the Victory of our Christic Spirit, fusing in Harmony Heaven and Earth, Apollo and Dionysus.

"Who is well oriented is the Way."

*

We come now to the executive and rhythmic plan of Sowing 2025-6.4, *between Heaven and Earth*, in chronological order, followed by the beautiful *Ephemerides 2025*:

and at the bottom the signs of the Heavens with the relevant publications)*

Notes

¹ “The whole world problem has reached a crisis today and because its clarification will be the outstanding theme of all progress—educational, religious and economic—until 2025 A.D. ... Thus a great and new movement is proceeding and a tremendously increased interplay and interaction is taking place. This will go on until A.D. 2025. During the years intervening between now and then very great changes will be seen taking place, and at the great General Assembly of the Hierarchy—held as usual every century—in 2025 the date in all probability will be set for the first stage of the externalisation of the Hierarchy. The present cycle (from now until that date) is called technically "The Stage of the Forerunner". It is preparatory in nature, testing in its methods, and intended to be revelatory in its techniques and results. You can see therefore that Chohans, Masters, initiates, world disciples, disciples and aspirants affiliated with the Hierarchy are all at this time passing through a cycle of great activity”. (A. A. Bailey: *The Externalisation of the Hierarchy*, p. 363 and 530, Lucis Collection).

² “All the Masters Who are initiates of the sixth degree meet in conclave and together, and before making Their final decision (which will probably remove Them from the Path of Earth Service), decide what measures They propose the Hierarchy should take which will drastically and permanently affect the planet on which They have lived and for which They have worked... They in Their totality – at any given time – are the group which makes final decision anent human affairs... The opportunity comes to the Hierarchy every forty-nine years, and the year 1952 will see a group of these higher initiates choose the Path of Their future livingness and Being... The last initiation of this kind was therefore held in 1903.” (A. A. Bailey, *The Rays and the Initiations*). The years that mark the beginning of this higher Cycle are therefore 1903, 1952, 2000, 2050... with the year **2025** as the crucial Centre **4.4** of the current *Cycle of Decision*.

³ *Goals* deduced from the Occult Teachings and predicted for the evolutionary and conscious advancement of humanity and the planet in the current third millennium; each year therefore corresponds to the attestation of the corresponding Goal and its sowing into *the consciousness of the human Group*.

⁴ (**Neptune, Mars**): Communion, Community, Values, Ideals, Religion, Communication.

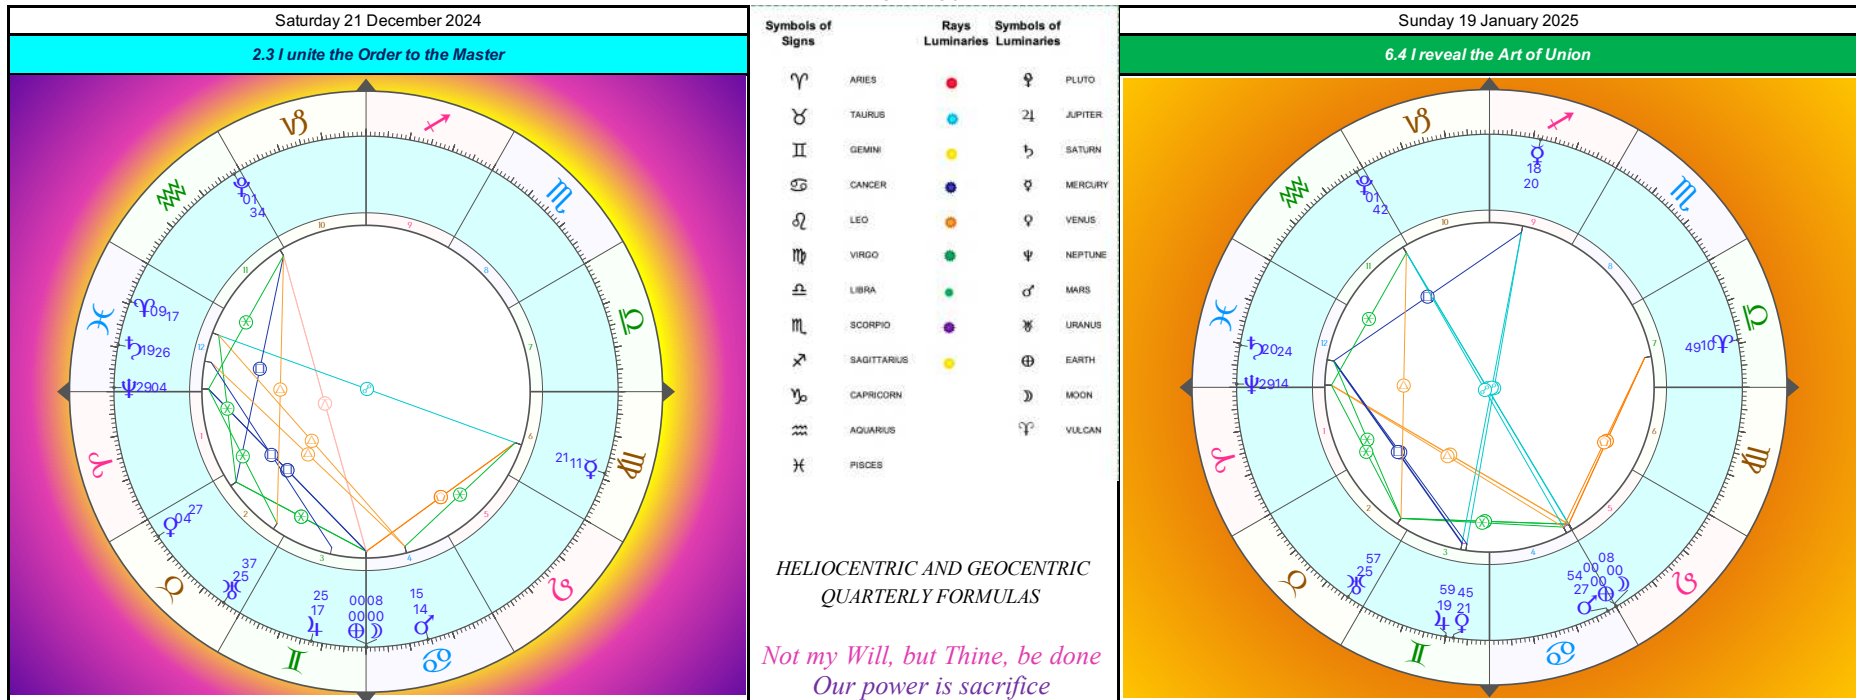

⁵ For the meaning and significance of the *rhythmic coordination* between the [Signs of the Heavens](#) and the TPS Sowing of *Ideas, Formulas and Forms for a new Culture and Civilisation*, see the documents presented in previous years in the '[working direction](#)' called [Rituality](#) on the [Documents](#) page in the 7th section 'Ordering'.

⁶ The "**49 Assertions of the Plan**" constitute the *daily* Sowing of the *49 Formulas of the Plan oriented to 2025*, inaugurated by the [heliocentric conjunction of Jupiter-Saturn of November 2, 2020 in Aquarius](#) (for the first time in the *Sign of the New Era* since the Renaissance): the solstice of **December 21, 2024**, initial impulse of the year **6.4**, is inaugurated with Formula **2.3** (*I unite the Order to the Master*) of the **31st** cycle of [49 days + 1 synthetic](#) (this one dedicated to the general Formula : 0/0 *The Planetary Order asserts the Plan of Love and Light*), and so on throughout the year 2025, ending on **21 December 2025** with the Formula of the *Centre of Centres 4.4* (FROM THE PLACE OF FIRE I CONTEMPLATE AND REFLECT THE MODEL) of the **38th** cycle.

On the initial page of the 12 Passages of Sign are also given the chosen Formulas for the 4 solstitial and equinoctial impulses and their 4 annual quarters of cycle: the *Words of Christ* for the heliocentric Formula and the Assertions by the one Planetary Server for the geocentric one (e.g. for Capricorn-Aquarius-Pisces: *Not my Will, but Thine, be done* - Our power is sacrifice).
