

## Signs of the Heavens year 2025 – 2nd quarter

After the causal and initiatory incipit of the [last Solstice](#), we are now at the second discontinuity or causal beat of the Great Year 2025, the **Aries-Libra Equinox (March 20, 9.03 am GMT)**, and we are preparing to experience the second quarter of the cycle of the Year containing the 3 major "Solar Festivals" of the **New World Religion** for esoteric teaching:

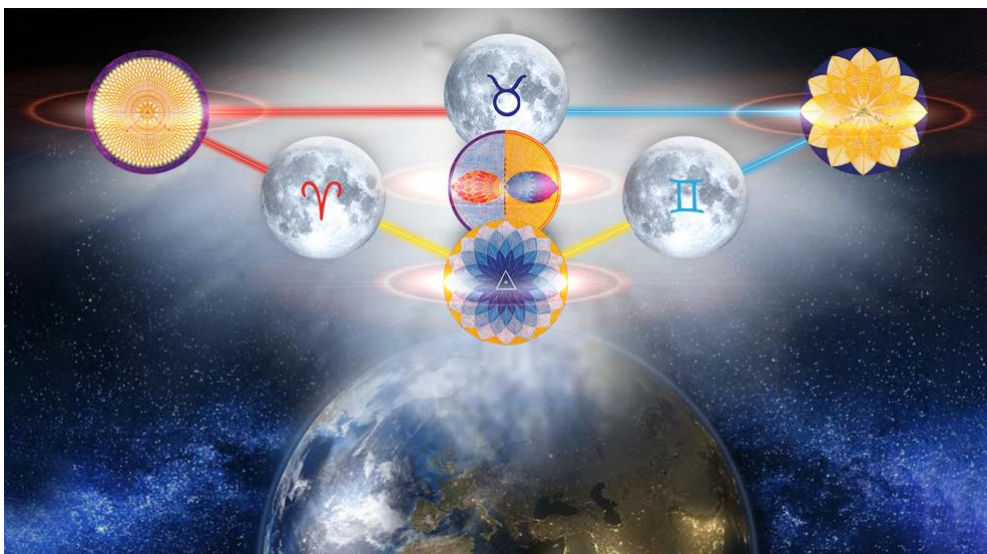

“There will be three such major Festivals each year, concentrated in three consecutive months, and leading therefore to a prolonged spiritual effort which will affect the remainder of the year. These will be:

1. **The Festival of Easter**. This is the festival of the risen, living Christ, the Teacher of all men and the Head of the Spiritual Hierarchy. He is the Expression of the Love of God. On this day the Spiritual Hierarchy which He guides and directs will be recognised, and the nature of God’s love will be emphasised. This festival is determined always by the date of the first Full Moon of spring, and is the great Western and Christian festival.

2. **The Festival of Wesak**. This is the festival of the Buddha, the spiritual Intermediary between the highest [421] spiritual centre, Shamballa, and the Hierarchy. The Buddha is the Expression of the Wisdom of God, the Embodiment of Light, and the Indicator of the divine Purpose. This will be fixed annually in relation to the Full Moon of May, as is at present the case. It is the great Eastern festival.

3. **The Festival of Goodwill**. This will be the festival of the spirit of humanity— aspiring towards God, seeking conformity with the Will of God and dedicated to the expression of right human relation. This will be fixed annually in relation to the Full Moon of June. It will be a day whereon the spiritual and divine nature of mankind will be recognised. On this festival, for two thousand years, the Christ has represented humanity and has stood before the Hierarchy and in the sight of Shamballa as the God-Man, the Leader of His people and “the Eldest in a great family of brothers” (Romans VIII:29). Each year at that time He has preached the last sermon of the Buddha before the assembled Hierarchy. This will therefore be a festival of deep invocation and appeal, of a basic aspiration towards fellowship, of human and spiritual unity, and will represent the effect in the human consciousness of the work of the Buddha and of the Christ.

These three festivals are already being kept throughout the world, though they are not as yet related to each other, and as part of the unified spiritual Approach of humanity. The time is coming when all three festivals will be kept simultaneously throughout the world, and by their means a great spiritual unity will be achieved and the effects of the great Approach so close to us at this time will be stabilised by the united invocation of humanity throughout the planet. ...

Shamballa	the Will aspect of God	Wesak	May Full Moon (Taurus)
Hierarchy	the Love aspect of God	Easter	April Full Moon (Aries)
Humanity	divine Intelligence	Goodwill	June Full Moon (Gemini)”

Between the March equinox and the June solstice, as *the One Planetary Server*, the [New Group of World Servers](#) at the Center of the triangle [Shamballa-Hierarchy-Humanity](#), focuses and radiates the *divine Will, Love and Light* upon the Earth. It offers itself as the *Chalice of Fire, Victory and Freedom* to uplift with itself the invoking, confused and suffering humanity, and asserts:

*Oneness in Communion*

- **Solar Festival of Aries (April 13<sup>th</sup> h 0.23am GMT)** – 1<sup>st</sup> – 7<sup>th</sup> Rays (**Divine Love:** Shamballa-Humanity Relationship): Will to Resurrection (Uranus) – *Chalice of Fire*

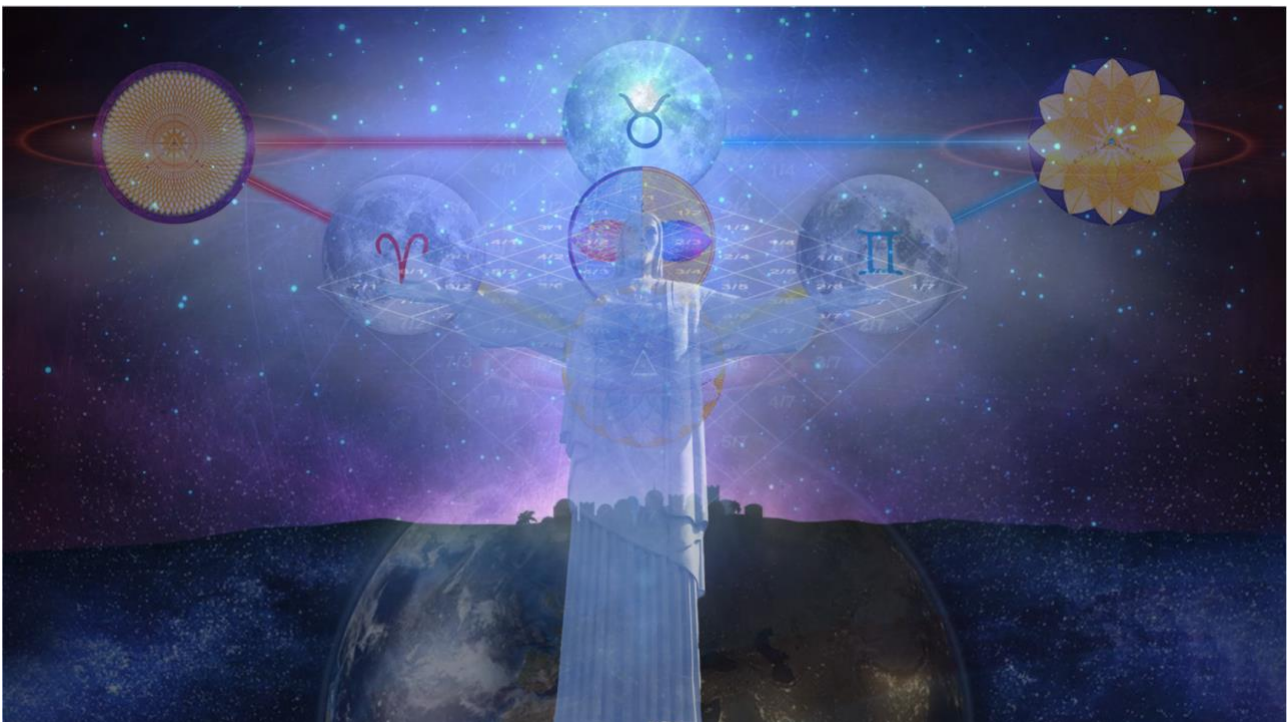

- **Solar Festival of Taurus (May 12<sup>th</sup> h 4.58pm GMT)** – 4<sup>th</sup> R. (**Divine Power:** Shamballa-Hierarchy Relationship): Will to Synthesis (Vulcan) – *Chalice of Victory*

- **Solar Festival of Gemini (June 11<sup>th</sup> h 7.46am GMT)** – 2<sup>nd</sup> R. (**Divine Light:** Humanity-Hierarchy Relationship): Will to Good (Earth) – *Chalice of Freedom*

*May the Fire of all-pervading Love resurrect in the Heart of Man.*

*May the Power of Synthesis conquer all separation.*

*May the Light of the Will to Good free the “prisoners of the planet”.*

The Signs of the systemic (heliocentric) Heaven also assist this *saving* Action, inspiring the unifying

Fire of **Christic Love** at the equinoctial Incipit, *awaiting and [preparing for His Reappearance](#)*:

***Love one another. As I have loved you.***

**Earth** and **Venus**, our *solar Angel*, are in fact joined on *the Middle Way Aries-Libra*, in front of the Sun that ‘veils’ **Neptune** (the Christ as initiator of Humanity<sup>1</sup>) blessing from the edge of Pisces. The intensity of this initiatory direction is further expanded by the squares to the Lord of solar Love, all-pervading **Jupiter** in Gemini, as well as by the trines and sextiles to the ‘Irrepressible Power of the New’, **Pluto** in Aquarius, and to the ‘Revealed Power of Knowledge’, **Uranus** in Taurus.

It is necessary to awaken the ‘courage of the Hero’ (**Mars** in Leo), at all costs (Mars square Uranus), under penalty of the persistence of limits and prisons (quincunx Mars-**Saturn**). But ‘the Eye shines at the center of the Triangle’ (**Mercury**, ruler of the Fourth human Hierarchy, at the center of Virgo), awaiting silently and with perfect faith the birth of the New Humanity, *beautiful, good and true*.

*The understanding of Beauty, illuminated by Love, will reunite and save the world.*

Also noteworthy, in this second quarter of the 2025 cycle, are the following systemic Dates/Directions:

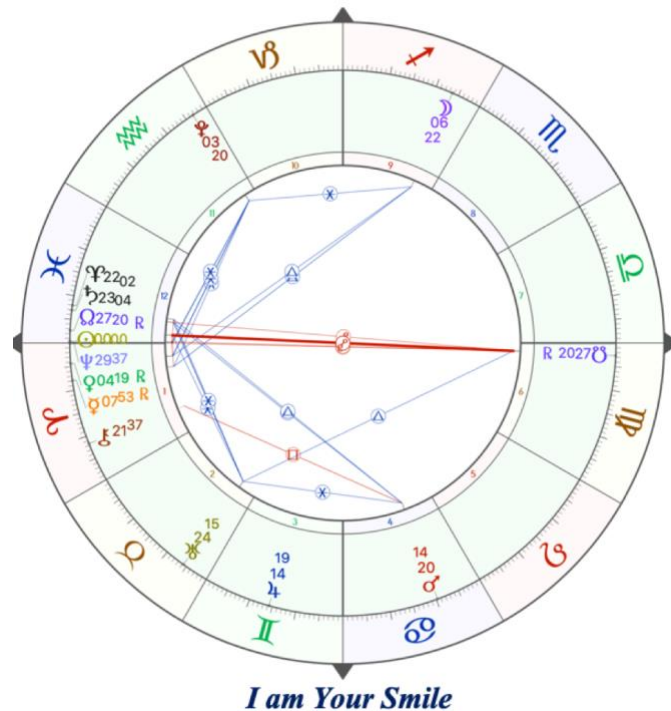

- **May 16 - Jupiter enters Cancer** (every 12 years): for the *mass consciousness* of Earth-Humanity, a new cycle of expansion begins;
- **May 23 - Neptune enters Aries** (every 164 years): for Earth-Humanity, it is a fundamental initiatory event for the New World Religion and the new Communities.

In the *Cross in the Circle* of the geocentric perspective, the one that teaches where and how to precipitate the evolutionary causal energies, the *Smile of Love* is evoked by the *One Group*, the *Planetary Server*:

As many as 6 planets form a *stellium* around the fiery Gate of Aries: the old is flaunting its tragic and ridiculous claims of survival, its fear of dying, because it knows that the New, the eternal *spring of love*, the infinite Joy, is about to explode in the Heart.

*And, therefore, let's smile!*

7. Accept in spirit the concept of Infinity. Affirm Infinity in your consciousness. Apply all thought on a broad scale. This lever of the Fire of Space is manifested everywhere. Throughout the limitless consciousness the Hand of the Lords acts; apply likewise your striving. Where does the Fire of Infinity not live? Is not the concept of the Creator affirmed by straight-knowledge in the spring of eternally flowing love? To us is manifested the symbol-the spring of love. Is there not boundless labor in Eternity and in the works of Cosmos? Is not the eternally living seed of Our striving implanted for the help to humanity?

Eternally moving, eternally striving, eternally aspiring to the heights, eternally manifesting vigilance, affirming Truth, manifesting the radiant thread of the Mother of the World by the armor of infinite beauty, assailing the darkness of ignorance, promising to the abode of humanity the glory of the stars-thus walk, saying, "World, I wish to accept all thy gifts; I wish to fill to the brim the chalice of attainment; I wish, O Lord, to drain the chalice of the Wisdom of Thy Covenants!"

Give Us the possibility to manifest Our power, to extend the hand of help. The law of gravity

is acknowledged by all. Why not apply this simple condition in life? Joy can attract with a magnetic current the joy from space. But the thought of darkness gives birth to layers of heavy clouds. We vouch for the reality of the gravitation of thought.

When the trend of human thought is not toward spirituality, evolution is not accelerated.”  
(Infinity I, § 7)
