

Signs of the Heavens year 2026 – 6.5

After the [Great Cycle of 2025](#), the initiatory Date for the planet's destiny and the dawn of a new convergence and fusion of the three Centers of the planet's spiritual Triad—[Humanity](#), [Hierarchy](#) and [Shamballa](#)—the first phase of *hierarchical externalization* begins, the construction of *planetary Group consciousness*, and the descent of the Idea of **One Hierarchical Humanity**.

As the esoteric Teaching indicates, our [Fourth human Hierarchy](#) will reestablish the [Plan of Love and Light](#) on Earth. The when and how will depend both on the Decisions of the inner planetary and solar Government and on the growing responsiveness of the Third Planetary *creative* Center and its current vehicle, the Fourth Human Kingdom.

Therefore, *today*, in the *here and now*, between vision and fulfillment, between Being and Becoming, we must assert this fact with renewed Strength and Joy and collaborate *in Group formation*, as One Humanity, to the *emergence* of the hierarchical Plan.

Today, at the threshold of the new Solstice, we therefore look Above, to the *signs of the Heavens*, and Below to the new milestone of the [common Plan](#), **Goal 6.5**, the first of the final decade (2026-2035) that unites us to the completion of its first 49-year Cycle (1987-2035).

This ongoing Construction, "in a united breath and unified rhythm" with the [causal Rhythms](#) of Heaven and those of the [systemic](#) Prototype of Group consciousness, *is already a hierarchical externalization* and as such, it shapes the new path of planetary Reorganization in Space and in human minds.

Alongside the [golden Muses of the common Heart](#), let us therefore proceed with ardor and certainty,

for the love of Good, Beauty, and Truth, and answer the Call of Heaven and Plan.

What are the signs of Heaven and of the Plan?

According to the systemic causal Rhythm of the heliocentric perspective, here are the positions and major aspects of the *four solar Maharajas* for 2026 (see the [Outlines of the Sixth Septennium](#)):¹

6.5 - COMMUNION OF WORK. THE BOOK OF THE SYSTEM (2026)

I penetrate and elaborate the eternal Symbols

Tropical heliocentric chart - Solstice Dec 21st, 2025 h. 3.04pm GMT – Beginning Year 6.5

The revolutionary conjunction between **Saturn** and **Neptune** at the initiatory beginning of **Aries** (culminating on December 11, 2025) dominates the solar and planetary field and consciousness: once again, *everything changes*, new visions ignite the human heart, spurring it to *come forth and from the mental plane rule*.

Their beautiful and persistent triangulation with "cleansing" **Pluto** in **Aquarius** and with **Uranus**, promoter of magnetic synthesis in **Gemini**, writes a new page for the evolution of consciousness: acceleration, purification, and renewal will bring the [One planetary Disciple-Server](#):

- to *advance enlightened* by the planetary Purpose (through the action of **Mercury**, ruler of Aries on the *esoteric/disciple* consciousness level),
- to weave relationships and understandings with *the Intellect of Love* (**Venus**, esoteric ruler of Gemini),
- to expand *Group Service* (**Jupiter**, esoteric ruler of Aquarius).²

In particular, the *cosmic traction* of the **7th Ray** of **Uranus**, entering heliocentrically into **Gemini** on January 9, 2026, for the next *seven Earth years* and aligning with the Great Feminine Origin Alcyone in the Pleiades on February 9, 2026, *raises the vibration of the planetary and solar Systems to the cosmic System*. **Uranus**, the Initiator to Synthesis, is One with our cosmic Origin at the center of our *Seven Solar Systems*, of our cosmic Order: every *open Eye glimpses Infinity*.³

In this solstitial *incipit*, the **Uranus-Neptune-Saturn** Triad is in a powerful relationship (two quincunxes, one sextile: a configuration called "the finger of God") with the *Magister Musicae*, Lord of the Fourth human Hierarchy, **Mercury** (**4th Ray**), triumphant in His Sign **Scorpio** (its hierarchical ruler) together with the powerful **Vulcan**. The *solar Eye* Mercury, the Fourth human Hierarchy, is therefore the fulcrum of important fiery exchanges, including energetic correlations with **Pluto** (square) and our **Earth** (trine), now at the gates of **Cancer** in full square to Saturn-Neptune:

It is time for heroes, when flames unite.

This marvelous, powerful, and effective Formula, can also be interpreted as an expression of the **6.5** interval, as a fusion between the sacred Energies of the **Sixth** and **Fifth** Rays, of **Neptune** and **Venus**, governors of the *Christic ardour*, which builds and conquers for the love of Harmony: of the Good, the Beautiful and the True.

Let us therefore illuminate the next step in the matrix of the Prototype of the Plan by asserting the *emergence of our human Heroism*, of the Fourth human Hierarchy, since Goal **6.5** is the fiery Relationship that unites the many in one common intent, form with essence, external symbols with internal ones, *the reader with the writer*.

“Man’s search is dedicated at the beginning to form, which is for a long time understood to be the only reality, then is recognized as illusion and is finally lived in its essence. Through the sublime and reciprocal play of two energies which are contrary yet collaborating (5 and 6), consciousness eliminates all boundaries and lives free and active in any external condition ...

In the light projected by this Vortex, the [human] System writes its Book, which records the most minute events and the highest thoughts, visions, and sacrifices. On its many pages, the lines of the [human] Group's mental designs and progression to the Goals are traced and changed ... It is like Nature. Everything that is a sign can and should be read as it changes, illuminating the other signs and all the pages. Thus reading, the text gradually becomes simpler, clearer and finally transparent, and the Book, pages and signs vanish ...”.
 (From “[The Distant Goals – compendium](#)”, Goal 6.5)

Vertex 6.5 – The Interpreter of Symbols

And, once again, it is truly heroic to assert the *Prototype of the Plan and of the planetary Order* in and from the human Heart: little by little we penetrate and elaborate its eternal Symbols, we become those Symbols, we *are* those living Symbols, *we are the Plan itself*.⁴

Opening the *Book of Infinity*, we discover that we are a vital part of the universal "system of hearts"; that each Heart is a page of the fiery Book of Being; that all is One.

As a Prototype of the *Planetary System of Hearts*, let us write a new page on Earth:

May Love, Harmony, Service, and Fire be our eternal weapons.

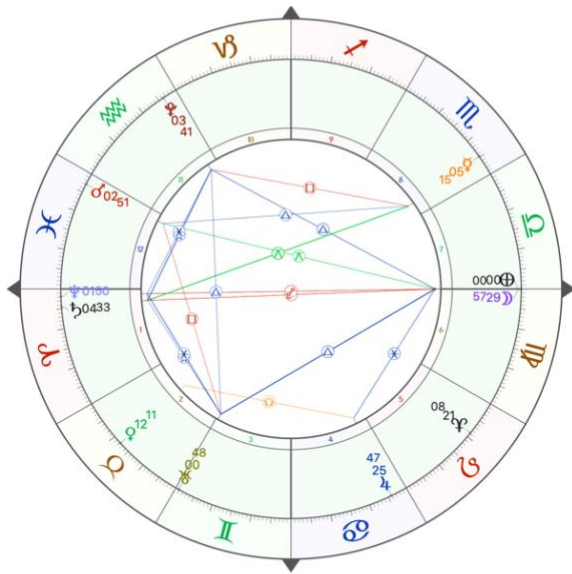

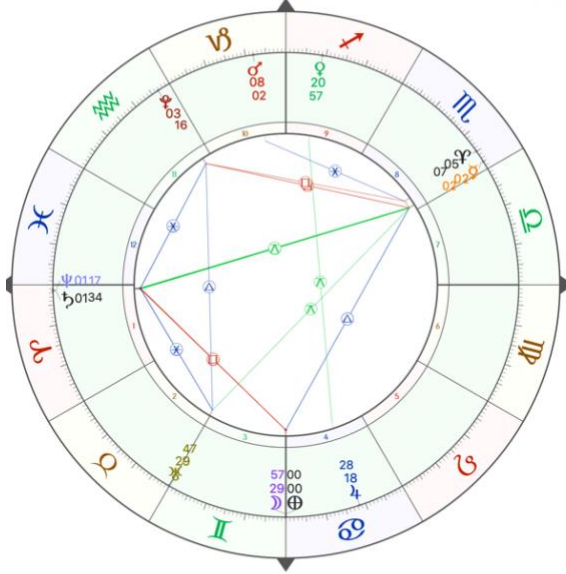

Therefore, while in the 6.4-2025 cycle we have asserted and irradiated 4 Words of Power pronounced by the *Master of masters*, the Christ, *awaiting and [preparing for His Reappearance](#)*, today we associate the four *causal* impulses of the celestial Cross in the Cycle 6.5-2026 (solstices and equinoxes) with four **Formulas** that assert these four fundamental Energies and Symbols of the New hierarchical Humanity:

Love, Harmony, Service, Fire.

“Accept in spirit the concept of Infinity. Affirm Infinity in your consciousness. Apply all thought on a broad scale. This lever of the Fire of Space is manifested everywhere. Throughout the limitless consciousness the Hand of the Lords acts; apply likewise your striving. Where does the Fire of Infinity not live? Is not the concept of the Creator affirmed by straight-knowledge in the spring of eternally flowing love? To us is manifested the symbol-the spring of love. Is there not boundless labor in Eternity and in the works of Cosmos? Is not the eternally living seed of Our striving implanted for the help to humanity?”

Eternally moving, eternally striving, eternally aspiring to the heights, eternally manifesting vigilance, affirming Truth, manifesting the radiant thread of the Mother of the World by the armor of infinite beauty, assailing the darkness of ignorance, promising to the abode of humanity the glory of the stars-thus walk, saying, “World, I wish to accept all thy gifts; I wish to fill to the brim the chalice of attainment; I wish, O Lord, to drain the chalice of the Wisdom of Thy Covenants!”

Give Us the possibility to manifest Our power, to extend the hand of help. The law of gravity is acknowledged by all. Why not apply this simple condition in life? Joy can attract with a magnetic current the joy from space. But the thought of darkness gives birth to layers of heavy clouds. We vouch for the reality of the gravitation of thought.

When the trend of human thought is not toward spirituality, evolution is not accelerated.”

“... Space, Infinity, and love are interconnected. One does not set out on a beautiful adventure without love; only through love does one emerge into the open, into the immense, the boundless. And only fresh and new love protects and guides the student so committed.”

(Agni Yoga - *Infinity I* § 7 and Commentary by E. Savoini)

In the *Cross in the Circle* of the geocentric perspective, the one that teaches where and how to precipitate the evolutionary causal energies, the heliocentric Formulas evoke the geocentric responses by the One Group, the *Planetary Server*:

¹ The number after the Zodiac Signs corresponds to one of the 7 sectors or qualities of each Sign, 5 degrees of which are informed by one of the *Seven Rays*, with the 4th Ray associated with its bisector (15°).

² Beneficial **Jupiter** is now in the nurturing sign of **Cancer** (it will be in **Leo** from May 11, 2026), in quincunx with the solar angel **Venus** in the dynamic Fire of **Sagittarius**, to protect, promote and guide the new Golden Construction.

³ The **Pleiades** are an essential or identifier part of the constellation of the **Bull**, whose sign **Taurus** for the 4th human Hierarchy serves as the *Eye of Revelation, Light through knowledge*, and whose star **Alcyone** is also connected to **Aquarius** (ruled by Uranus), our next evolutionary horizon, to responsible and conscious "individual" Service. This systemic alignment of **Uranus-Alcyone** on February 9, 2026 (every 84 years!), which admirably occurs simultaneously with the annual alignment between the **Earth-Sun** axis and the Star of Cosmic Will **Merak/Ursa Major** (February 8, 2026), seems to "conclude," implement, and confirm at the solar level the recent **Sun-Earth-Uranus-Alcyone** alignment of November 22, 2025, when the *planetary Ajna*, the [New Group of World Servers](#), opened to the *contemplation of the Infinite*.

⁴ The Esoteric Teaching states that the Masters of the 6th initiation are the very *energy and substance of the hierarchical Plan*. Our Goal or destination, our destiny, though *distant*, is clear, the Way is marked out.
